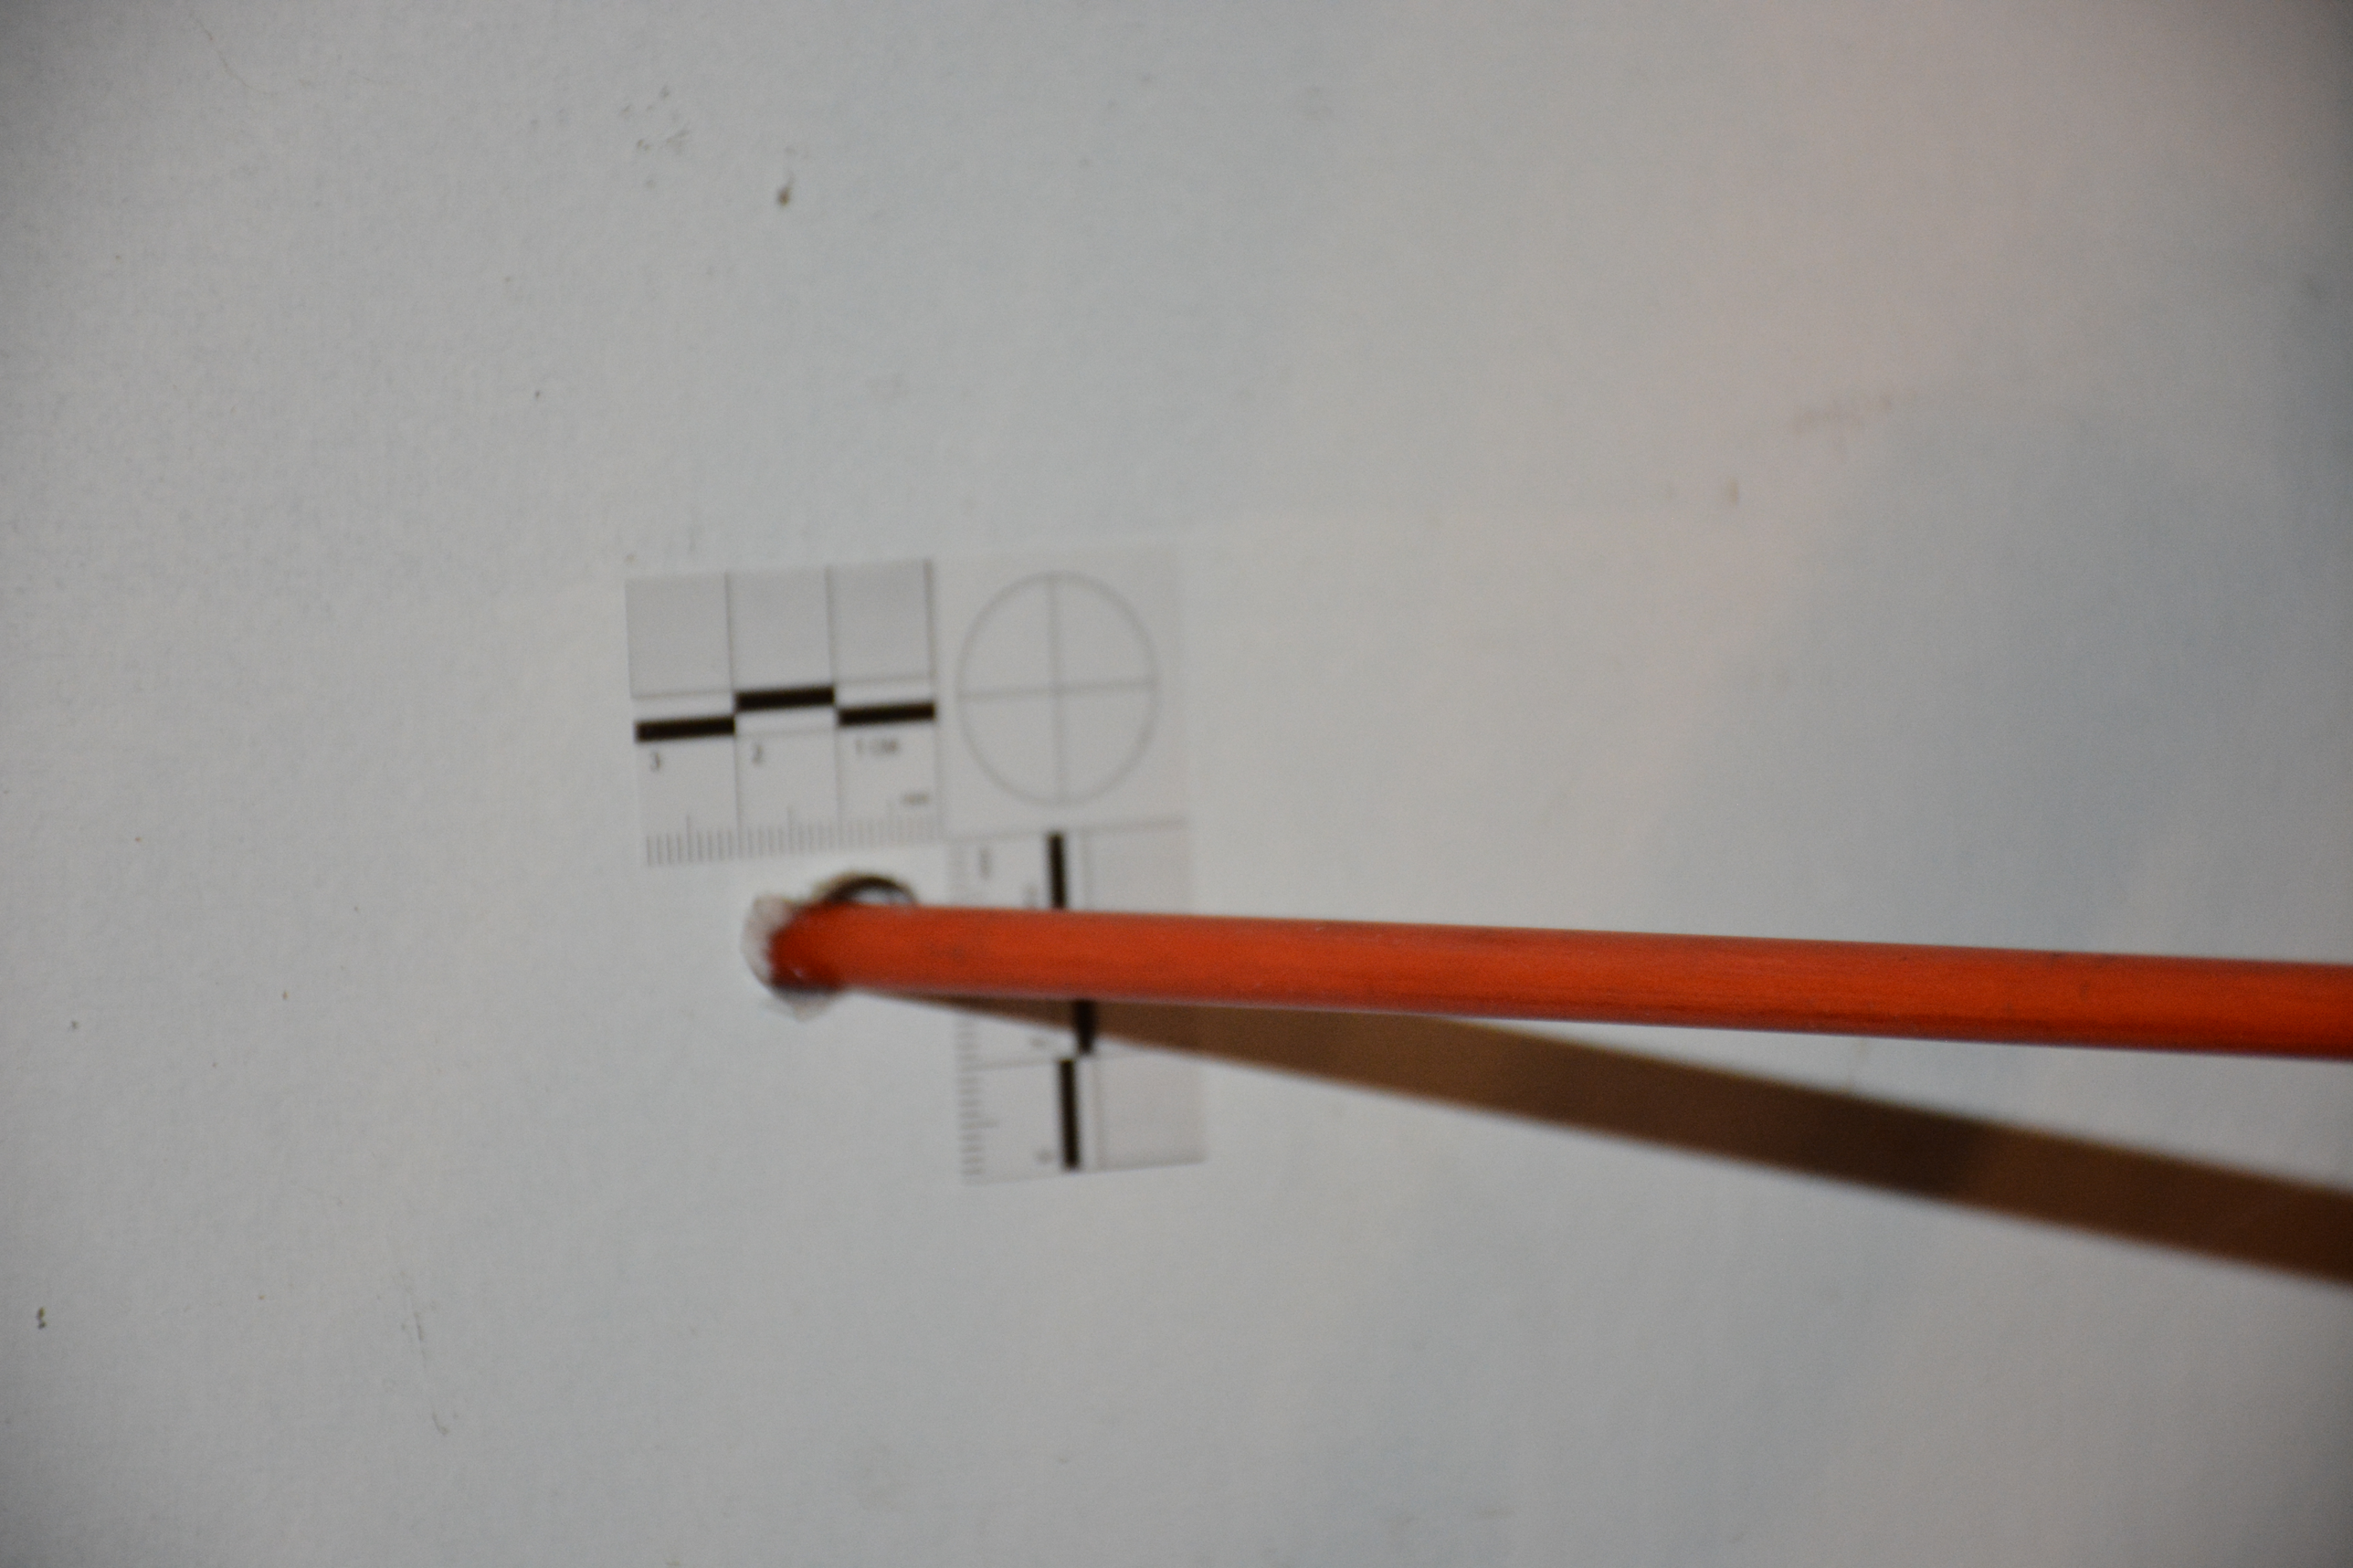
PetSafe Fencing
& No-Bo-Wow

Do not climb onto the top or side of a ladder. Do
not climb from on eladder to another.
Never stand on top of a twin ladder.
Never stand on top, pail shelf, or rear horizon-
tal brace of a step ladder.
Never stand on top (guard rail) or rear horizon-
tal brace of a platform ladder.
Do not apply side loads to ladder. Keep ladder
close to work. DO NOT OVERREACH or walk
but descend and relocate the ladder
using a ladder do not push or
setup and
RAGE
Do not store
Store ladder in a
from direct exposure
ments.
Properly support and
and storage.
Never paint a wooden ladder. You may how-
ever use clear wood preservatives.
For additional information contact the dealer,
manufacturer or see ANSI A14.1-1982 for port-
able wood ladders.
PN26289



PROPER SETUP AND USE
Read all labels prior to use.
DANGER! Avoid any contact with live electrical wires. Use extreme caution when working near power lines and electrical circuits.
Do not exceed the duty rating of this ladder.
Do not climb above the specified highest standing level (2nd step from the top, for step and twin ladders. Platform for platform ladders.)
Place ladder on firm level surface with a secure footing. Do not place ladder on ice, snow, mud, soft or slippery surfaces. Do not place on boxes, unstable bases or scaffolds to gain additional height. Do not place in front of doors opening toward ladder.
Do not use ladder if you are not in good physical condition or taking any substance such as medication or alcoholic beverages that may impair your ability to use a ladder properly.
Do not use in folded position as a single ladder.
Make sure ladder is fully open with all the operating devices such as spreaders properly locked/engaged in position prior to use.
Do not climb on the back section of step and platform ladders.
Climb and work on the middle of steps or platform.
Keep body centered and face ladder when climbing. Maintain a firm grip when ascending or descending.
Do not climb onto the top or side of a ladder. Do not climb from on eladder to another.
Never stand on top of a twin ladder.
Never stand on top, pail shelf, or rear horizontal brace of a step ladder.
Never stand on top (guard rail) or rear horizontal brace of a platform ladder.
Do not apply side loads to ladder. Keep ladder close to work. DO NOT OVERREACH or walk but descend and relocate the ladder
