Officer-Involved Critical Incident – 28 N. Pain St, Chillicothe

To: Jeffrey Marks, Ross County Prosecutor  
From: Matt Collins, Senior Special Agent, Ohio BCI  
Date: March 6, 2023  
Involves: RCSO; Sgt. Eric Kocheran  
BCI Case Numbers: 2022-2608  
BCI Laboratory: 110945

**Investigative Request**

On Thursday, November 17, 2022, Sheriff George Lavender of the Ross County Sheriff's Office requested the assistance of the Ohio Bureau of Criminal Investigation's (BCI) Special Investigations Unit (SIU) and Crime Scene Unit (CSU) in conducting an independent investigation into the facts and circumstances surrounding an officer-involved shooting incident. The incident reportedly occurred on November 17, 2022, in the area of 28 N. Paint St, Chillicothe, OH, and resulted in the death of Nicholas Mitchell.

*Preface:*

This report serves as a synopsis of the investigation into the November 17, 2022, officer-involved shooting in Ross County, Ohio. This report only summarizes the information that the investigative team determined to be the most useful in achieving an overall understanding of what occurred in this incident. Every fact and detail is not presented in this summary report. Therefore, it is recommended that each individual report from which this document is derived be read in order to obtain a complete understanding of this investigation. Further, audio and/or video recordings exist for the majority of the interviews conducted, revealing further details of statements given regarding the incident.

*This investigation was conducted with the purpose of determining, to the extent possible, the facts and circumstances surrounding this incident. As unbiased collectors of fact, the investigative team has not and will not render any opinion of the legality of officers' actions. Instead, it is anticipated that this investigation will provide the basis of information for decisions to be rendered by the appropriate authorities.*

Officer-Involved Critical Incident – 28 N. Pain St, Chillicothe

On November 17, 2022, at approximately 1700 hours, Ross County Sheriff's Deputy, Sgt. Eric Kocheran (Sgt. Kocheran) was near the end of his shift. Sgt. Kocheran was at 28 N. Paint St., Chillicothe, the "Law Enforcement Complex" where he was typing reports.

An unidentified male, later identified as Nicholas Mitchell (Mitchell), approached the rear door of 28 N. Paint St. and knocked on the door. Sgt. Kocheran went to the said door, opened it, and asked what Mitchell needed. Mitchell first told Sgt. Kocheran, he needed to get "more officers" there. Sgt. Kocheran again asked, what was going on. Mitchell stated, "Um, somebody said they were gonna hurt my family. They wanted me to hurt kids and I can't do it." Dep. Kocheran said, "okay." Mitchell stated, "So, I gotta do this." Mitchell said that just as he pulled a firearm a firearm from his pocket.

Mitchell manipulated the slide action of the weapon and fired a shot. Sgt. Kocheran had drawn his weapon and he too fired a shot. Both individuals fired multiple rounds. Both individuals were struck by projectiles/bullets and went to the ground.

EMS was summoned and transported both individuals by squad to area hospitals. Ultimately Mitchell, after receiving medical care, had succumbed to his injuries and was pronounced deceased at Adena Hospital. Sgt. Kocheran, after several surgeries and an extensive hospital stay, was able to recover from his injuries.

Subsequent Investigation

Physical Evidence and Laboratory Reports

*Still image from the Law Enforcement Complex surveillance video; just before shooting incident.*

When BCI CSU, SA Holcomb arrived, he noted there as a large area taped off with crime scene tape in the area of the rear service entrance. He further described the area to be located on the northwest side of the Law Enforcement Complex building. SA Holcomb noted there was a Chillicothe Police Department vehicle #14 in that area too.

SA Holcomb stated he was directed to a “gun locker” where Sgt. Kocheran’s firearm had been secured. The firearm was more specifically described as “a Sig Sauer, P320, 9mm semi-automatic handgun with serial number [REDACTED].”

SA Holcomb located another firearm on the ground near a large grate and a “pool of blood.” The firearm was more specifically described as “a Ruger, LCP II, .380 semi-automatic handgun with serial number **380196961**.” The firearm had one cartridge in the chamber and one cartridge in the magazine.

*BCI CSU photo CAH\_0592; Item #9, weapon possessed by Mitchell.*

Various items of potential evidence were submitted to the BCI Laboratory for analysis. The actual reports should be consulted as the following synopsis does not include many of the details from the full reports.

The BCI Firearms Section performed an analysis of Sgt. Kocheran's and Mitchell's firearm, as well as the firearm-related evidence collected from the scene and vehicles (casings and bullets). By comparing evidentiary cartridge casings/projectiles to known standards from each weapon, identifications were able to be made as to which casings/projectiles were fired from each firearm. Of the casings/projectiles recovered, the following identifications were made:

Each of the submitted firearms were found to be "Operable." The six (6) 9mm cartridge cases from BCI Scene #1 (**Item #s 2-7**) were fired from the Sig Sauer (Sgt. Kocheran). The report indicated the Sig Sauer could not be excluded as the source of the four (4) fired bullet jacket fragments recovered from Mitchell's body, as results were inconclusive (similar class characteristics but insufficient corresponding individual characteristics to identify or exclude).

Based on the Lab Report, SA Collins also found where the three (3) .380 auto cartridge cases from **BCI Scene #1 (Item #s 8, 12, 13)** were fired from the Ruger 9mm (Mitchell). The report indicated **BCI Scene #1; Item #14** (bullet fragment) the Ruger could not be excluded as a source as the results were inconclusive (similar class characteristics but insufficient corresponding individual characteristics to identify or exclude). However, the bullet jacket fragments from the projectiles recovered from the body of Mitchell, indicted the Ruger was in fact excluded as the source.

Post-Mortem Examination / Autopsy Report

The autopsy report for the decedent (Nicholas Mitchell) was obtained from the Ross County Coroner's Office. A review of those documents revealed the following information:

Investigative Interview

The following information comprises an extremely abbreviated version of the statement made by Sgt. Kocheran regarding this incident, deemed by the author to be of most relevance to the overall understanding of the incident. More detailed accounts can be found by reading the reports written by the interviewers and by reviewing the recording of the interview.

*Deputy Eric Kocheran-*

Sgt. Kocheran, referring to November 17, 2023, stated he was on duty and had just returned to station, near the end of his shift. Kocheran stated he was on station writing reports. Kocheran described "sitting in the back in the squad room, near the back door." Kocheran said it is very common for the public to come to the back door and inquire about various things. Again, Kocheran commented how it was not typically unusual, however, on the night of the incident, he heard a very loud knock on the back door. Kocheran noted it sounded urgent, so he went to the back door.

Kocheran said when he first opened the door, he did not see anyone. When he opened the door up all the way, he noticed a male subject standing there about twenty (20) feet away. He said the male (later identified in BCI's investigation as Nicholas Mitchell) had his hands inside his pockets. When Kocheran asked him what he could do for him, Mitchell said he "needed to get more cops out here." Kocheran said he asked, "what's going on?" Kocheran said Mitchell responded with something to the effect of "someone was threatening his family. They were going to hurt his

Prosecutor Summary

Officer-Involved Critical Incident – 28 N. Pain St, Chillicothe

family if he didn't kill kids and he couldn't do that." Kocheran stated that statement began to alarm him because it was not a normal statement someone would make. Kocheran said Mitchell, who was now about ten (10) feet away now, produced a gun and he did not know where it came from. Kocheran suspects Mitchell had it in his pocket because that was where Mitchell's hands were. Kocheran described Mitchell producing the gun so fast, and said something to the effect of, "well we're just going to have to do this." Kocheran said Mitchell raised the gun up (demonstrating above his head) manipulated the slide action and chambered a round. Looking back on the situation in hind-sight, Kocheran believed Mitchell had done so, in a manner to make sure Kocheran saw he had a gun and wanted Kocheran to see him using it. Kocheran said he let the door close slightly and Mitchell moved towards the building, or closer to Kocheran. Kocheran said he drew his weapon and issued commands to Mitchell. Kocheran said he told Mitchell to put the gun down at least once, maybe twice. Kocheran said he knew Mitchell had a gun "with 200% certainty," based on, he saw a gun and the way Mitchell was holding and manipulating it.

Kocheran said he recalled hearing Mitchell fire one round, but he didn't see the muzzle flash. Kocheran said he recalled pulling the trigger on his weapon and believed he fired four to five (4-5) rounds. Kocheran said he does not recall seeing Mitchell go to the ground. However, Kocheran recalled when he, himself, "got knocked down, it felt like somebody just took a poker and shoved it right through me all the way down here."
