2022 Continuing Professional Training - CPT

CPT Update Bulletin CPT2022-04

November 07, 2022

The 2022 Continuing Professional Training (CPT) mandate requires every peace officer and trooper in Ohio to complete 24 hours of training this calendar year. You are encouraged to access the Ohio Attorney General's webpage for the most up-to-date information at this link:
2022 Continuing Professional Training - Ohio Attorney General Dave Yost

Extension requests to complete CPT for military or medical needs.
The executive director, under OAC 109:2-18-02(I) may extend the time for completion of the continuing professional training requirements upon written request from the appointing authority. Such request shall contain an explanation of the emergency circumstances which created the need for the extension. The application shall set forth the name of the peace officer or trooper for whom the extension is requested, the emergency circumstances, including documentation, for which the extension is requested, and the date on which the request was submitted to the commission. Request can be submitted by email.

- For an extension based on a peace officer's **military deployment**, the appointing authority must submit a request that also includes the peace officer's military deployment orders.
- For an extension based on a peace officer's **medical condition**, the appointing authority must submit a request for a medical extension. Additionally, the appointing authority, the peace officer, or the peace officer's attending physician, must submit or have submitted a letter outlining that the peace officer is under the physician's care and a date the peace officer will return to duty. The actual medical condition/ailment of the peace officer does not need to be disclosed.

Both military or medical extensions can be for ninety (90) days. The request should be submitted to: cptquestions@OhioAGO.gov The email subject line must read "*Extension Request CPT*"

Return of Unused CPT Funds
In reference to 2022 CPT funds, there have been questions about the statutory requirement to return the unused portion of an agency's 2022 CPT funds. While HB110 does require a return of the unused portion of the funds, there is no deadline delineated. Legislative action on the unused funds could be considered, therefore until advised at a future date, agencies should do the following:

1) Do not return any funds at this time;
2) Maintain those funds in a separate account;
3) Do not spend the funds on or after January 1, 2023 as the funds were specific to 2022.

Year End Reporting of CPT

Agencies that received CPT funds, were sent in early October, the following two forms. Agencies that did not receive CPT funds only received form #2, the annual Roster.

1- An Excel spreadsheet that is needed for HB110 reporting. This spreadsheet mirrors the names submitted on the Salary Data Worksheets in the fall of 2021. This sheet is used to report that the peace officers on this sheet received CPT training and that the funds were used.

2- An annual Roster required pursuant to Ohio Revised Code 109.761. This annual roster will contain the names of all sworn peace officers with an agency. It will include those full time peace officers on the HB110 spreadsheet as well as unpaid, sworn officers that fall under a title such as Reserve, Auxiliary or Special.

Both of these forms are due back to OPOTC by January 31, 2023.

Auditor of State Bulletin

The Auditor of State (AoS) issued a bulletin with guidelines concerning the use and accounting of CPT funds. That AoS bulletin can be found on the AG/OPOTA website for CPT information at this link: 2022 Continuing Professional Training - Ohio Attorney General Dave Yost

CPT Salary Data Information and Payments

As of June, 2022 the CPT website has been updated to include information relating to the 2022 CPT payments to each agency. Additionally, the website now includes anonymized peace officer salary information that is searchable by agency and county. It can be reached at this link:

Access to CPT Training

OPOTA is providing access to CPT training topics as follows:

- Online courses will be found and enrolled in through **OPOTA Online**. Please note that within OPOTA Online, the term 'credit' may be found. One (1) credit equals one (1) hour of CPT training.
- In-person courses can be found and registered for by using the **OPOTA Portal.** Some in-person classes that may be available are identified later in this bulletin.

Access to each website is addressed within this bulletin. Please note that:

OPOTA Portal https://opota.ohioattorneygeneral.gov/ and

OPOTA Online https://opotaonline.inquisiqlms.com are two separate websites.

The Portal is used to register for in-person OPOTA courses and OPOTA Online to enroll and complete online courses. These two websites are completely separated from OHLEG and OHLEG access is not needed to enter either of these sites.

AGENCY-DELIVERED TRAINING

Below are three methods (1-3) that law enforcement agencies can use to provide in-house CPT for peace officers:

1. Use the OPOTA-developed curriculum found on OHLEG for Topics 2, 3, 4, 6 & 7.
    a. OHLEG-authorized users can access the curriculum here: https://www.ohleg.org.
    b. At the top of the OHLEG landing page, click on "OPOTC Curriculum" and then, at the bottom left, on the "CPT Curriculum" tab.
    c. No preapproval by or notification to OPOTC is necessary when using this curriculum.
    d. Agencies must use qualified instructors who meet the minimum qualifications as defined under OAC 109:2-18-03. Rule 109:2-18-03 - Ohio Administrative Code | Ohio Laws

    Notes:
    - The OPOTA written lesson plan / curriculum for Topic 1, Cultural Humility, that had been posted to OHLEG is no longer available and the OPOTA Online content should be used for Cultural Humility.
    - No written lesson plan / curriculum was created for Topic 5, Officer Personal Wellness. OPOTA Online content should be used for Officer Personal Wellness.
    - Additionally, OPOTA is not creating curriculum for Topics 8-17.
    - Current OPOTA in-person courses that can fulfill Topics 8-17 are noted in this bulletin.
    - An agency can use in a group setting, the OPOTA Online CPT courses for topics 1-7. The OPOTA Online system will only provide a record for the actual person that enrolled in the OPOTA Online course. As such, the agency must record and document attendance of all persons watching the online content.

2. Create your own agency curriculum for topics 1-17.
    a. Under the related Ohio statue, the appointing authority (Sheriff/Chief) must submit the application to OPOTC for review and pre-approval.
    b. The agency-developed curriculum must be reviewed by the appointing authority's or the agency's legal counsel before the application is submitted.
    c. The appointing authority must submit the completed application and include:
        i. Information on the application about instructors.
        ii. Information on the application about the curriculum.
        iii. Information that meets the criteria outlined in OAC 109:2-18-03.
    d. The pre-approval application form can be found at this link: https://www.ohioattorneygeneral.gov/Files/Law-Enforcement/Ohio-Peace-Officer-Training-Academy/OPOTC-Resources/Agency-Elected-Provided-Training.aspx

3. Use a third-party training provider for topics 1-17.
    a. Under the related Ohio statute, the appointing authority (Sheriff / Chief) must submit the application to OPOTC for review and pre-approval.
    b. The third-party content must be reviewed by the appointing authority's or agency's legal counsel before the application is submitted.
    c. The appointing authority must submit the application and include:
        i. Information on the application about the instructor(s)
        ii. Information on the application about the curriculum
        iii. Information that meets the criterial outlined in OAC 109:2-18-03.
    d. The pre-approval application form can be found at this link: https://www.ohioattorneygeneral.gov/Files/Law-Enforcement/Ohio-Peace-Officer-Training-Academy/OPOTC-Resources/Agency-Elected-Provided-Training.aspx

NOTES 1, 2 & 3:

1- OAC 109:2-18-03 (B) provides that: *Appointing authorities may request a training program be **pre-approved** for continuing professional training credit. Appointing authorities seeking such **pre-approval** shall submit sufficient documentation to the executive director showing that the proposed training meets the requirements of paragraph (A) of this rule.*

Please plan for a 30 day process to get curriculum pre-approved. Any curriculum that is taught before getting pre-approval will not count towards CPT and would have to be re-instructed to those who were previously in attendance.

2- For methods 1-3, if an appointing authority has received approval to provide a course in topics 1-17, individuals attending the course need not be members of the appointing authority's agency. The approved course can be provided to any peace officer or trooper. The appointing authority can provide the course at his/her facilities or another location of his/her choosing.

3- The appointing authority providing the course must maintain course sign-in/attendance records and provide each student with a certificate of completion at the course's end. The student is responsible for providing the certificate of completion to his/her respective agency so the agency can record and document the training as having been received.

PEACE OFFICER-OBTAINED TRAINING

Below are three methods (4-6) that peace officers can use to obtain CPT:

4. Take the **OPOTA Online** courses in topics 1-7.
    a. Follow this link to the **OPOTA Online** training web site: https://opotaonline.inquisiqlms.com/
    b. Peace officers who have never accessed the new OPOTA Online website must follow the "First-Time Login Instructions" on the home page to receive a new password; previous eOPOTA and OHLEG passwords will not work. Using the temporary password that will be sent by email, you can log into the website.

c. The new OPOTA Online contains all previously active eOPOTA accounts. However, the accounts of officers who have not accessed eOPOTA since June 2019 may be disabled. If a notification is received that the account is disabled, email OPOTAOnline@OhioAGO.gov to have the account enabled.
d. Once logged in, click on the *2022 Continuing Professional Training* catalog to enroll in selected online courses.
e. Each of the seven (7) topics has its own link to online content for that topic.
f. Content is continually under development and review. More content will be added as it becomes available.
g. Officers can save as a PDF or print a transcript of their course completions to submit to their agency as a record of completing OPOTA Online CPT topics.

5. Take a CPT in-person course for topics 1-17 offered at OPOTA London or at one of the five other OPOTA regional provider locations.*
    a. The *Training Delivery on Topics 1-7,* presented below, contains in-person courses offered by OPOTA that fulfill CPT requirements by topic.
    b. Officers are responsible for obtaining a certificate of completion and presenting it to their agency to record and document that the training was received.

6. Take a CPT in-person course for topics 1-17 offered by your agency or another law enforcement agency that provides the training. Officers are responsible for obtaining a certificate of completion and presenting it to their respective agency to record and document that the training was received.
