Corrections Basic Training FAQ

Who can run a corrections basic training academy?

An institution which is part of a state, county, municipal corporation, public school district, or technical college district that is approved by the Executive Director can conduct Corrections Basic Training.

Who may attend a corrections basic training academy?

Anyone who is employed by a local facility and whose current position consists primarily of duties that require inmate supervision, direct interaction with inmates and responsibility for the safety and security of inmates and of the facility may attend Corrections Basic Training. These students are issued a corrections basic training certificate once they pass the State Certification Exam.

What is a curriculum code and where do I find it?

The curriculum code indicates which curriculum an academy must use. It is based on the start date of the academy and relates to both lesson plans and the state certification exam. It can be found on the opening letter.

What audits and oversight can I expect during an academy?

Compliance Officers will conduct an opening audit to review the application and supporting documentation needed to run an academy at least 21 days prior to the start of it. They will also conduct an enrollment audit on the third day of your academy, as well as a closing audit at the end of the academy. The closing audit ensures all students have met Commission requirements and are eligible to sit for the State Certification Exam.

Compliance Officers will also make regular visits to the academy to observe instruction and review paperwork.

What are SPOs?

Student performance objectives (SPOs) are concepts and physical skills within the curriculum upon which students are tested, during the academy and/or during the State Certification Exam.
Section 1

Pre-Opening Organization

This section explains the requirements for Commanders, Teaching Facilities, Instructors, and Students.

1.1 Commanders

1.1.1 A person interested in becoming a Commander for any OPOTC approved training program must submit an application to the OPOTC for approval. The Commander’s application must be filed and approved by the OPOTC before any other action may be taken.

1.1.2 A person applying to become a Commander must be associated with an existing or proposed school.

1.1.3 The minimum qualifications for a Corrections Basic Training Commander are established by the OAC 109:2-9-04(A).

1.1.4 After the application is provisionally approved, the applicant must register for the OPOTC Commander Course. Within 30 days of successful completion of the Commander course, the applicant must meet with their Compliance Officer and, if needed, complete an on-site inspection. Once completed, their Commander certificate will be issued. This certification process must be completed before any other action may be taken.

1.1.5 Only OPOTC-certified Commanders may conduct OPOTC-approved training programs. A Commander’s OPOTC certificate must be current and shall not expire prior to or during the dates a Corrections Basic Training School is scheduled. For information regarding Commander Certification renewal, please refer to OAC 109:2-9-04(C).

1.1.6 Commanders may not enroll in any part of a Corrections Basic Training School for which they are the Commander.

1.1.7 If at any time the Commander learns of criminal charges, disciplinary actions, or official complaints regarding any Instructor, Commander or Student whether made in reference to their position as an Instructor, Commander, Student or otherwise, the Commander must inform the Compliance Officer.

1.1.8 Commanders approved for a particular school may not permit any other person to function as the Commander. If the Commander of record will be absent for an extended period of time (e.g., vacation, illness, etc.), during the school, an OPOTC-certified Corrections Basic Training Commander must be designated in writing and such notice must be submitted to the Compliance Officer and Certification Officer prior to the occurrence.
1.1.9 If a Commander intends to conduct two different schools during the same timeframe at different locations, the Commander must obtain written approval from the Executive Director prior to conducting the schools.

1.2 Teaching Facilities

1.2.1 The Ohio Administrative Code requires that, at a minimum, all Corrections Basic Training Academies shall have the following facilities and equipment:

   a. A classroom with adequate space, heating, lighting and ventilation, and restroom facilities;
   b. A chalk board and chalk, or equivalent;
   c. Tables and chairs suitable for writing or seats with an arm for writing;
   d. Audio-visual equipment;
   e. A lectern, stand, or table for the Instructor’s use;
   f. A gymnasium or large indoor area for teaching defensive tactics and other physical skill topics supplied with appropriate training and safety equipment;
   g. Any other equipment or facilities as required by the Executive Director.  OAC 109:2-9-07

1.2.2 All facilities utilized by OPOTC Corrections Basic Training Academies must have access to restrooms.

1.2.3 All classrooms must meet applicable building and fire codes.

1.2.4 If an on-site inspection is needed, the Commander shall arrange for such inspections on or before the opening audit. The OPOTC Compliance Officer assigned to a training academy must conduct an on-site inspection and approve the teaching facilities at the following times:

   a. When a new facility is proposed;
   b. When a previously inspected training site is changed;
   c. At any time upon request by OPOTC staff;
   d. Every three (3) years.

1.3 Instructors

1.3.1 Only OPOTC-certified instructors may teach OPOTC topics during OPOTC-approved training programs. The Commander is responsible for ensuring that each instructor is certified on the date and time scheduled to teach in a Corrections Basic Training program.

1.3.2 To become an OPOTC-certified Corrections Basic Training Unit Instructor, a person must apply to the OPOTC for certification. Instructor applications must be signed by a current OPOTC-certified Corrections Basic Training Commander.
1.3.3  The minimum qualifications for a Unit Instructor in the Corrections Basic Training program as established by the OAC 109:2-9-05(A).

1.3.4  To become an OPOTC-certified Special Subject Instructor, a person must apply to the OPOTC for certification. Instructor applications must be signed by a current OPOTC-certified Corrections Basic Training Commander.

1.3.5  The minimum qualifications for a Special Subject Instructor in the Corrections Basic Training program as established by the OAC 109:2-9-05(B).

1.3.6  Corrections Basic Training courses must be taught with a minimum of six OPOTC-approved Instructors.

1.3.7  Prior to the opening audit, the Commander must communicate with each Instructor scheduled to verify their availability for the scheduled topics, dates, and times.

1.3.8  An Instructor’s OPOTC certification must be current and shall not expire prior to the date on which the Instructor is scheduled to teach during the academy. Instructors who teach a course that requires a non-OPOTC certification, such as First Aid/CPR/AED must also be currently certified through the credentialing agency and shall not expire prior to the date on which the Instructor is scheduled to teach. Instructors may only teach topics and/or units for which they have been certified. If any OPOTC topics are taught by an expired or non-certified Instructor, the class will not be allowed to take the State Certification Examination until these discrepancies have been corrected.

1.3.9  Commanders must maintain a copy of the current OPOTC instructor certificate for each instructor who teaches at their academy. This file must be available for inspection at any time upon request by OPOTC staff.

1.3.10 Each OPOTC Instructor approved for courses which require an additional certificate, such as First Aid/CPR/AED, etc., Commanders must maintain a copy of the current Instructor certification from the credentialing agency, and consult with the Instructors to verify that their accrediting agency has not required any updates. If any updates have been required, the Commander will inform the Compliance Officer, will present documentation that these updates have occurred, and will add that documentation to the certificate file. This file will serve as a guide for Commanders during schedule preparation and for substitution purposes. The file must be available for inspection at any time upon request by OPOTC staff.

1.3.11 The Commander is responsible for ensuring that Instructors use the most current version of the curriculum.

1.3.12 If a guest speaker is invited to teach certain topic areas, an OPOTC-certified Instructor, in the specific topic, must be present in the classroom at all times. All SPOs must be taught by the OPOTC-certified Instructors.
1.3.13 Instructors may not enroll as a student in any class in which they are a scheduled Instructor.

1.3.14 For information regarding Instructor Certification renewal, please refer to OAC 109:2-9-05(D)

1.4 Students

The Commander must inform each prospective student of the following:

1.4.1 All inquiries from a student shall be directed to the Commander. If the Commander cannot resolve the matter, the Commander will contact Commission staff.

1.4.2 No person convicted of a felony offense may attend any portion of the Corrections Basic Training program. This includes felony convictions that have been sealed or expunged by court order.

1.4.3 Open enrollment is not available for Corrections Basic Training. Students must work within or be assigned to an adult-full-service correction facility to attend the training.

1.5 Prior Equivalent Training

1.5.1 As provided in OAC 109:2-9-11(A), an individual who has successfully completed prior training or education, other than basic training for full-service corrections under the auspices of the Ohio peace officer training commission, and who is required to complete the corrections school as prescribed in OAC 5120:1-8-18 may request credit for that portion of the curriculum which is equivalent to training previously completed. The student shall make such request by completing a SF410cbt Request for Prior Equivalent Training Analysis form.

1.5.2 The OPOTC Certification Officer will review the request and supporting documentation to determine the topics and amount of hours of training for which credit may be given. The Certification Officer then will send the student and the appointing agency a letter of determination indicating the topics and number of hours which the student did not receive credit and which must be completed.

1.5.3 After receiving the letter of determination, the student must present the letter to the Commander and may enroll in a Corrections Basic Training program as a prior equivalent student. The student will be required to attend the topics and hours assigned by the OPOTC and must complete all of the training with the same school. Like any other appointed student, prior equivalent students must enroll by the third day of class in which OPOTC topics are taught.

1.5.4 After satisfactorily completing the corrections basic training hours assigned by the OPOTC, the student must pass the comprehensive State Certification Examination covering all areas of the basic training program. If the student fails on the first attempt,
a second attempt will be scheduled. If the student fails on the second attempt, the student must then take the entire basic training course and the State Certification Examination again.

1.6 Update Training Students

1.6.1 As provided in OAC 109:2-9-11(B), upon appointing a person to a corrections officer position, the appointing agency shall submit a request for the Executive Director to evaluate the officer’s training and eligibility to perform the functions of a corrections officer. The request will be made on a SF420cbt Update Training Evaluation Form, and shall be submitted upon appointing the officer.
Section 2
Opening Audit

This section will explain the second phase of the Corrections Basic Training program process consisting of an opening audit conducted by the Compliance Officer at least 21 days prior to the first day OPOTC topics are taught. Included in each section are related requirements, procedures, policies and explanations for proper completion and sequence of the required OPOTC forms for Corrections Basic Training. All OPOTC forms are available on the Ohio Attorney General website, www.OhioAttorneyGeneral.gov/OPOTA.

Note: No school shall be approved at the opening audit with less than five full-time students, unless approved by the Executive Director.

Submission of the Application

At the opening audit, the Commander will present to the Compliance Officer all the necessary paperwork, in the order listed below. During the opening audit, the Compliance Officer will review these forms to ensure compliance with OPOTC requirements.

2.2.3 The OPOTC requires a minimum number of training hours for specific topics. Commanders are encouraged to exceed this minimum amount; however, any additional hours a Commander adds are considered mandatory hours.

2.2.4 Training that is scheduled for more than five hours per training day must have at least a 30-minute break period. This break period must be evident on the school calendar, and be scheduled approximately in the middle of the training day. If training exceeds 10 hours in a given day, an additional 30-minute break must be scheduled.

2.2.5 Classes from separate schools may not be joined together for the same training session. For example, if a school has both a daytime program and a concurrent nighttime program, they may not be joined together to share the same classroom and set of instructors. Should a day class and a night class have training at the same facility at the same time (e.g., on a Saturday), they must be scheduled to be in separate classrooms with their own instructor(s).

2.2.6 When preparing the school calendar, a minimum of six certified instructors must be scheduled to teach. Commanders must verify instructor credentials, certified topics, and certification numbers.

2.4 **Review by Certification Officer**

2.4.1 After the Compliance Officer meets with the Commander and approves the documents, the documents will be forwarded to the Certification Officer, who also will review the application. If approved, the Certification Officer will send an opening letter listing the school number and curriculum code. No school may begin classes until an OPOTC school number has been issued. The OPOTC will not recognize any training class, or portion thereof, conducted prior to the issuance of the opening letter and school number.

2.4.2 If a Commander does not receive written approval at least five days prior to the first scheduled day of training, the Commander should contact the assigned Certification Officer to inquire as to the status of the application.

2.4.3 If the start date for the school changes for any reason, the assigned school number shall immediately become void and the Commander must re-apply for a new school number at least 21 days prior to the new start date.

If the make-ups do not occur within this time frame, the student cannot attend other academy courses until all make-ups have been completed.

Whenever it becomes necessary for a student to make-up training, the Commander shall notify the Compliance Officer at least 24 hours in advance of the make-up session. This notification will be made by using form SF122unv. This form must contain:
   a. School name and number;

5.5.2 The SF122unv is a continuing form. If another student needs to make-up hours, the Commander will follow the same process and complete the next line on the form.

5.5.3 Commanders shall maintain the SF122unv, Notification of Make-up Hours Form and present it to the Compliance Officer at the closing audit, along with a separate form SF120unv, Student Attendance Roster (list topic numbers on the last line) and a separate SF121unv, Student Sign-in sheet for those students required to make-up hours.

5.5.4 If a student arrives late to class and is 15 minutes or less late, the time and missed material may be made up at the end of the class day with the original Instructor, if the Instructor is willing to do so. If not, the absence will be counted as a half hour.

In this case, the make-up may be noted at the bottom of the Student Sign-In Sheet, SF121unv, and signed by the Instructor. No entry is required on the Notification of Make-up Hours, SF122unv. These make-ups may not be done on class breaks. For example, class time is 1800-2200 hours. Student Jones arrives late and signs in at 1812. The student may stay over with the Instructor and sign out 12 minutes after class ends.

5.5.5 If the student is more than 15 minutes late, then the time must be made up in a minimum of one-half hour increments by the original Instructor. All make-up sessions must be conducted at a Commission approved site. In these instances, the student must attend the entire block of instruction in the second school regardless of how many hours of instruction were missed in the original school. The original Commander shall notify the Compliance Officer in advance and shall complete the Notification of Make-up, SF122unv and Make-up Student Attendance Roster, SF120unv. The second Commander will ensure that a Student Sign-In Sheet, SF121unv is completed and returned to the original Commander where it will be maintained and made available for inspection by OPOTC staff upon request.

5.5.9 All make-up hours must be completed by the last day in which OPOTC topics will be taught in the training academy. If the actual regularly scheduled class that was missed was scheduled on that last day, the student must complete that make-up within three business days.

5.5.10 If at the time of the closing audit, the Commander is willing to accommodate a student who has missed any portion of a mandatory topic, the Commander must:
   a. Submit a request to the Executive Director to allow a student to make-up hours. No make-up hours may be completed without at least the verbal approval of the Executive Director or the Executive Director’s designee, followed by a written request. If the medical professional refuses to clear the student, the student shall be deemed to have failed the school.

e. If approved by the medical professional, the student must arrange to make up the required topics through the Commander. The Commander will notify the Compliance Officer of these scheduled make-ups no less than 24 hours prior to the scheduled topic(s).
