Officer Involved Critical Incident - 6880 Sunset Strip Ave
NW, Room #220, North Canton, Ohio, 44720

Investigative Activity: Prior law enforcement contacts and social media
Involves: James J. Vanest (S)
Activity Date: 11/21/2024
Activity Location: BCI Richfield
Authoring Agent: SA Jonathan Lieber

Narrative:

On Thursday, November 21, 2024, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Jon Lieber (Lieber) compiled background information on James J. Vanest (Vanest), a subject involved in the incident on November 18, 2024. The information included researching past police reports involving the subject, searching criminal history records, court records (if applicable), open/closed-source database inquiries, and social media posts. The information gathered was obtained from BCI Criminal Intelligence Unit, Jackson County West Virginia Sheriff's Office, Perry Township Police Department, Ohio State Highway Patrol and the Mansfield Police Department (MPD).

SA Lieber reviewed the information and noted the following:

Prior Police Encounters:

SA Lieber contacted the Jackson County West Virginia Sheriff's Office and obtained a copy of report 24-0000459. The report related to a July 12, 2024, traffic stop and subsequent arrest of Vanest for two (2) counts of prohibited person in possession of a firearm.

The Perry Township Police Department provided a traffic crash report (2009-20992) that involved a vehicle accident where Vanest lost control of his vehicle.

The Ohio State Highway Patrol provided a report (16 442061 0201). This report detailed an allegation against Vanest while he was an inmate in the Mansfield Correctional Institution. The allegation was that Vanest put feces in the coffee of another inmate. Ultimately, the case was closed due to insufficient evidence.

A news article released on December 31, 2024, indicated that Vanest was linked to the April 29, 1981, murder of Debra Miller in Mansfield, Ohio. SA Lieber contacted MPD and obtained a summary of the investigation as well as DNA reports related to the case. Those documents have been attached to this report.

On or about July 12, 2024 at approximately 1232 hours, Jackson County 911 received a call pertaining to a reckless driver near the area of the 153 mile marker of Interstate 77 South. The caller advised dispatch that the vehicle in question was a gray Dodge four wheel drive pick up. The caller stated that the vehicle was driving erratically and speeding. The caller also advised that the vehicle vehicle was bearing OH registration HYK6895. Deputy Roush responded to the call for service.

Roush went to the 138 mile marker cross over and observed a vehicle matching the previous description, traveling south on I-77. The vehicle was in the left lane of travel, approaching road construction. Roush pulled out and observed the vehicle following too closely to the vehicle in front of it through the entirety of the construction zone. Roush approximates the distance between the pick up and the vehicle it was following to be roughly 6 to 10 feet. Once out of the construction zone, Roush observed the Dodge pick up bearing OH registration HYK6895, passing a vehicle. Roush got behind the pick up and paced the vehicle for approximately 10 seconds. The vehicle was traveling approximately 85 MPH in a posted 70 MPH zone. The driver then hit his brakes hard and pulled into the right lane, directly behind another vehicle. The pick up was again following too closely to the vehicle in front of it, leaving approximately 6 to 10 feet between him and the vehicle in front. Roush also observed the passenger side tail light hanging by only the wires.

Roush initiated a traffic stop near the 132 mile marker south. As the vehicle was pulling onto the side of the road, The vehicle nearly spun out of control while coming to a stop. Roush contacted the driver from the passenger side of the vehicle. The driver was identified though his Ohio operators as James Vanest. Though out the conversation, James appeared to be nervous and asked for a break. While speaking with him, Roush detected the odor of raw marijuana emitting from the vehicle. James also stated that he just purchased the vehicle and it did not have insurance. Roush checked the status of his operator's through dispatch. Roush then went back to the passenger side of the vehicle and asked James to exit the vehicle. He obliged and exited the vehicle. Once at the back of the vehicle, Roush patted James for weapons. Roush removed a knife clipped to the side of James' pocket and felt what Roush knew to be a fire arm in the rear waistband of his shorts. After removing the fire arm, four magazines, and knife from James' person, Roush asked him if there was anything illegal in the vehicle. James stated he smokes marijuana and there was some marijuana in the vehicle inside a box.

Inside the vehicle, Roush located a bag of a green leafy substance believed to be marijuana in a box in the back seat. The marijuana was later weighed and weighed approximately 55.56 grams. Roush also located another firearm inside a black duffel bag in the back seat. Inside the duffel bag was \$30,000 in US Currency and a cashiers check for \$25,000. The currency was all \$100 bills and in bank bands. Two bands of \$10,000 and 5 bands of \$2,000. James was also traveling with two 5 gallon canister's of gasoline in the cab behind the front seats. While on the roadside, Roush asked dispatch to check his criminal history and it showed he was a convicted felon.

James was placed under arrest and Roush transported him to the Jackson County Sheriff's office. Roush also transported the duffel bag containing the cash, the cashier's check, firearms, and other personal items to the Sheriff's office. James Vanest's truck was towed to the Jackson County Sheriff's Office.

Deputy Casto interviewed James once at the Jackson County Sheriff's Office. Casto read James his Miranda Rights and James agreed to talk with Casto. James stated that he had recently sold his house and went through several thousand dollars within a few days. James stated that he paid cash for the truck he was operating. James stated that he was going to Beckley, WV to buy a house and that is what the cashier's check and cash was for. After looking at the address that James stated he traveling to buy, it appeared there was no house at the address.

James admitted to his driving violations while under Miranda.

Under Miranda, James admitted that he knows he is a felon and is not allowed to possess firearms. James admitted to "carrying" (firearms) every day. He stated he is worried about the end of the world type times. James admitted to buying a whole lot of ammunition online and he admitted that he knew he wasn't allowed to own ammunition.

The firearm that was located in James' waistband was black, EAA corp 10mm pistol. The firearm that was located in the duffel bag was a black BRG USA 9mm pistol.

After further investigation, The \$30,000 cash, along with the James' wallet, went to South Central Regional Jail with him. The rest of James' property, including the \$25,000 cashier's check was placed back in James' vehicle and locked. All pertinent evidence to this case was logged and placed in the Jackson County Sheriff's department's evidence room.

Roush asked dispatch to check James' criminal history.

Roush arrested James J. Vanest for two (2) counts of Prohibited person in possession of a firearm, WV State Code 61-7-7(1).

Casto obtained a search warrant for each of James' cell phones. The information from each cell phone was forensically extracted by Sergeant Williams on or about July 12 2024. The extracted information is attached to the case file.

On Thursday, December 22, 2016 at around 0730 hours, Mansfield Correctional staff reported victim Inmate Myron D. Lemaster, age 53, A600-611 of Mansfield Correctional claimed suspect Inmate James J. Vanest, age 60, A652-565 of Mansfield Correctional put feces in Inmate Lemaster's instant coffee granules. The incident was reported by Correctional Sergeant Nick Stuff and is summarized as follows:

Incident report generated by Sergeant Nick Stuff:

Sergeant Stuff reported Inmate Lemaster is accusing Inmate Vanest of feces in his cup.

Inmate James J. Vanest, A652-565 was admitted into Ohio Department of Rehabilitation & Corrections on March 13, 2014 to serve a three (3) sentence for Weapon Under Disability, F3, Theft, F3, Weapon Under Disability, F3, Receiving Stolen Property, F4, B&E, F5 and Disrupting Public Service, F4. He is expected to be released from Department of Corrections on January 28, 2019.

Tuesday, December 27, 2016 13:37

0733 Tpr. Butler, Bryan L

On Tuesday, December 27, 2016 at around 1337 hours, I brought Inmate Myron Lemaster to Osp Investigator office of Segregation for a digitally recorded voluntary statement about what occurred. He was asked to provide a voluntary statement and is summarized as follow:

Present during the interview with Inmate Myron Lemaster were Inmate Lemaster and Trooper Butler. Inmate Lemaster explained that he went up to get cup of coffee granules to make instant coffee from his room, and return downstairs where he could get a shot of hot water. He said that he noticed something floating in the coffee, and stated there is something wrong with this coffee. Inmate Lemaster said he poured out the coffee into the water fountain.

Inmate Lemaster said that he found some feces in the bottom of the cup. He explained that he was removed from his cell to another cell. Inmate Lemaster told me that he went to the infirmary, and the nurse said it was feces. He told me that they may had a couple words a couple of months ago, but nothing recently.

Inmate Lemaster informed me that he wishes to pursue charges against Inmate Vanest for his actions in this incident.

Inmate Lemaster told me that Inmate Vanest never admitted to putting something in his coffee.

My interview with Inmate Lemaster concluded at around 1348 hours, and he returned to his cell.

At around 1428 hours, I brought Inmate James Vanest, A652-565 to Osp Investigator office of Segregation for a digitally recorded voluntary statement about the incident. Inmate Vanest was advised of his Constitutional Rights, and he acknowledged his rights by signing the Constitutional Waiver. He was asked to provide a voluntary statement and is summarized as follows:

Present during the interview with Inmate James Vanest were Inmate Vanest and Trooper Butler. Inmate Vanest explained that he didn't know anything about the allegation that has been brought against by Inmate Lemaster. He told me that he did not put anything in the mans coffee and/or doesn't know anyone else who would have done so.

On Thursday, December 29, 2016 at around 1352 hours, I, Trooper B.L. Butler, Unit 733 with Bucyrus Office of Criminal Investigations - Investigative Services collected containers of Instant Coffee granules from the victim Inmate Myron Lemaster in the ManCI Osp Investigator office to be relayed to BCI Fairfield for examination.

Friday, December 30, 2016 13:50

0733 Tpr. Butler, Bryan L

On Friday, December 30, 2016 at around 1533 hours, I delivered the property #1, containers of Instant Coffee granules, #2, two buccal swabs of Inmate Vanest and #3, two buccal swabs of Inmate Lemaster to BCI Richfield.

Thursday, January 19, 2017 17:00

0733 Tpr. Butler, Bryan L

On Thursday, January 19, 2017 at around 1700 hours, I received the Bureau of Criminal Investigations laboratory report, **Number 16-314357**, and is summarized as follows:

Submitted on December 30, 2016 by Trooper B.L. Butler:

1. Clear bag containing coffee grounds in containers from Myron Lemaster's side of the cell; also found to contain plastic utensil
2. One brown envelope containing known standards from James Vanest
3. One brown envelope containing known standards from Myron Lemaster

*Item #1 contains Coffee grounds in containers from Myron Lemaster's side of the cell, and the finding were inconclusive for **urobilinogen** due to insufficient information obtained from the testing. Secondly, the plastic utensil was not examined.*

Item #2 contains DNA standards from James Vanest, and was not examined.

Item #3 contains DNA standards from Myron Lemaster, and was not examined.

Analytical Detail

Analysis for urobilinogen, a component of feces and other body fluids, was performed using visual examination and a chemical test according to Lindsey Pruneski, Forensic Scientist.

Friday, February 10, 2017 11:49

0733 Tpr. Butler, Bryan L

On Friday, February 10, 2017 at around 1149 hours, I picked up property #1, containers of instant coffee granules, property #2, 2 buccal swabs of Inmate Vanest, and property #3, 2 buccal swabs of Inmate Lemaster.

**** BRENDA PORTER ****

Brenda Porter stated she worked with Debbie Miller on the night of April 28, 1981. She stated that nothing unusual happened that particular night.

She stated that Debbie Miller drank alot and had one boyfriend that frequented Mr. T's Restaurant; that being Harry Davis. The other males that came into the coffee shop were just friends and she did not know of her dating them. Brenda Porter stated that Debbie Miller did most of her drinking at Kosta's or Jimmy's and usually went by herself.

She stated that she stayed over at Debbie's apartment at night and there was no problems at the apartment when she stayed there with Debbie. She stated that Debbie always kept her door locked. She advised that Debbie had a roommate by the name of Debbie Borrás; however, she does not live there anymore.

**** WILLIAM RUSSELL MILLER ****

William Russell Miller is Debbie Miller's brother. He spoke of Debbie going with Nick, whose dad owns the Continental Lounge. He stated that Debbie also ran around with a girl by the name of Brenda.

William Miller stopped at Debbie's apartment at approximately 11:30 p.m. on April 28, 1981, with his friend, Ted Thompson. They knocked on the door; however, there was no answer. He stated that Debbie usually left a key under the mat but it was not there. They then left the apartment building.

**** JACKIE S. BOUDINOT ****

Jackie Boudinot also works at Mr. T's Restaurant from 10:00 p.m. to 7:00 a.m. Jackie stated it was approximately 10:30 p.m. when Debbie left Mr. T's Restaurant on April 28, 1981 and she left alone. She stated that Debbie returned to the restaurant approximately 2:00 a.m. on April 29, 1981 and remained there for approximately 5 minutes. When she left the restaurant, she left with someone whom she does not know. He was tall, had dark curly hair and was wearing a blue jean jacket and a plaid shirt.

She stated that Debbie talked to a guy by the name of "Jeff" but she does not know his last name; however, she knows him from coming into Mr. T's Restaurant.

Jackie stated when Debbie left the restaurant she was wearing blue jeans and a white top with a flower design.

**** FRANCIS HARVEY HILL, JR. ****

Francis Hill also works at Mr. T's Restaurant from midnight to 7:00 a.m. The last time he saw Debbie Miller was 2:30 a.m. - 3:00 a.m. on April 29, 1981 at Mr. T's Restaurant. He stated that Debbie Miller was in the company of approximately four other people when she entered the restaurant; the only person he knew was "Jeff".

He stated that Debbie did not appear to be intoxicated and she did not appear to be having any type of arguments with any of the subjects.

He stated he never had any trouble with Debbie and they had a good working relationship. He did not notice her leave the restaurant that night as he was busy.

Francis Hill knows the subject by the name of "Harry" as he comes into Mr. T's Restaurant in the afternoon.

He has no knowledge of who killed Debbie Miller.

**** HARRY A. DAVIS ****

Harry Davis stated he went to Debbie Miller's apartment at approximately 11:30 p.m. on April 28, 1981 to visit with her after having had a fight with his wife. This was not the first time he has been to her apartment. When he arrived at her apartment, Debbie let him in and they had small talk conversation.

Harry Davis also stated he had intercourse with Debbie Miller one time in the bedroom and left the apartment at approximately 3:20 a.m. on April 29, 1981, enroute to his place of employment in Wooster, Ohio. He stated when he left her apartment, Debbie was wearing only her underpants.

He stated that while he was at her apartment, they heard a knock on the door; it was Debbie's brother and one of his friends. They did not answer the door, so they left.

**** LINDA RIGSBY ****

Linda Rigsby worked at Mr. T's Restaurant with Debbie Miller. She also lived in the apartment complex in front of Debbie Miller's building. She stated that she talked to Debbie on the night of April 28, 1981 at Mr. T's Restaurant. They talked about one of Debbie's boyfriends, Nick. Linda stayed at Mr. T's Restaurant for approximately 45 minutes talking to Debbie.

Linda stated that Debbie told her she was going straight home after she finished working. She stated Debbie was going to come to her apartment after getting off work; she made it plain to Linda that she was not going out that particular night.

Linda stated they had a "signal" system so they knew when each other were home. Linda went away to visit some relatives and upon returning to her apartment, she looked over to Debbie's apartment and saw there was no light on. She thought that Debbie had decided to go downtown after all.

Linda stayed awake until 4:00 a.m. on April 29, 1981. Around 2:30 a.m. she heard a knock on her door; however, when she went to the back door she did not see anyone.

Linda stated she knew Harry but did not know his last name. She knows that Debbie went out with him a couple of times and that he passed out on Debbie's couch. She also knows Harry drives a red car. She stated she knows of one other boyfriend of Debbie Miller's but does not know his name other than "Roger".

Linda stated that if anyone knocked on Debbie's door she would always ask who it was before opening the door.

**** HAROLD B. CLINE ****

Harold Cline stated he was looking at property to buy with Paul Hoffman and Larry Frankhauser and they found the victim. They had no idea who the victim was.

**** DOUGLAS SHOUP ****

Douglas Shoup stated he had conversation with Mark Melton the night before the homicide. Mark had stated to him that a homicide was going to occur at 151 West Third Street and he knew who was going to commit this crime.

Douglas Shoup stated he does not believe Mark Melton was involved and thinks he was just talking.

**** SCOTT VANHESTEREN ****

Scott VanHesteren stated he knew Debbie Miller. He also stated he went to school with Harry Davis. He stated that Harry Davis told him that he was with Debbie the night she was murdered and that he had been going with her for approximately three to four months.

**** PAUL HOFFMAN ****

Paul Hoffman stated he found the victim while showing property in the company of Larry Frankhauser and Harold Cline.

**** CARLA KISER ****

Carla Kiser stated she knows Debbie Miller and Harry Davis and saw them talking at Mr. T's Restaurant on April 28, 1981 at approximately 8:30 to 9:00 p.m. Carla did not observe or hear any trouble between the two of them. Carla stated she left Mr. T's Restaurant prior to them leaving.

**** DORIS L. EVERLY ****

Doris Everly stated that on the night of the homicide, she heard a "thump" around 2:00 or 3:00 a.m. She stated she left her apartment at approximately 7:00 a.m. on April 29, 1981, and observed a white male subject when exiting her apartment enroute for the Mall. When she returned home, she learned of the homicide. Doris Everly cannot describe the male subject she observed in the hallway of the apartment building.

**** ROBERT FOLEY ****

Robert Foley stated he knew Debbie Miller and has been to her apartment approximately 3 to 4 times. He stated he wanted to take some nude photographs of Debbie but never did.

Robert stated he has known Debbie for approximately one year and met her at Mr. T's Restaurant.

**** EAFROM CHEATMAN ****

Eafrom Cheatman stated that on May 17, 1982, Tim Melton told him that he killed Debbie Miller; this was told to him at Eahram Brooks' house. Eafrom stated Tim Melton did not relate any details of the homicide. He stated that Tim Melton was drunk.

**** JERRY STEWART ****

Jerry Stewart stated he had intercourse with Debbie Miller on April 21, 1981, after meeting her at Kosta's. He stated he saw Debbie once after that at Kosta's.

S Y N O P S I S

On Wednesday, April 29, 1981, at approximately 1045 hours, I was dispatched to 151 West Third Street, Apartment #1 reference a possible homicide.

Upon my arrival at the above location, I observed a white female completely nude, laying on her back in a doorway between the kitchen and living room. This female was identified as Debra Lee Miller, white female, 18 years of age, date of birth: 05/14/62, social security number: [REDACTED] of 151 West Third Street. She had a considerable amount of blood, along with several deep lacerations, about the facial area. Two belts were wrapped around her right wrist. There was also a considerable amount of blood on the rest of her body and it appeared that someone tried to wipe the blood from her body with a rag or tissue, leaving blood smears in a swirl-like manner. Blood was also found in the living room, bedroom and kitchen. Lying next to the body was found broken iron stove grates along with aluminum pots, which were covered with blood.

Ptl. Hurlow from the Crime Laboratory took charge of all evidence and processed the crime scene, along with Ptl. Blunk and two BCI agents. (See their reports for evidence and photographs.) The body of the victim was taken to the Hamilton County Coroner's Office, in Cincinnati, Ohio, for the post mortem examination.

Upon investigating the homicide, it was learned that Debra Miller left her place of employment, Mr. T's Restaurant, at approximately 11:00 p.m. on April 28, 1981, and advised her co-workers she was going directly home instead of going out drinking, as she usually did. Prior to leaving Mr. T's Restaurant, the victim ate mushrooms, a salad and a pizzaburger.

In talking with several people who knew Debra L. Miller and worked with her, all of them basically related the same story: She did most of her drinking at Kosta's, the Olympic Lounge and Jimmy's on the Square. She had numerous male friends; however, they only knew of two steady boyfriends, Nicholas Ghessouras and Harry Davis. Statements were obtained from these two individuals. (See their statements for further details)

On Wednesday, April 29, 1981, Harry Davis came to the Detective Bureau of the Mansfield Police Department in regards to Debbie Miller. He was interviewed and it was learned that he was with Debbie from approximately 11:30 p.m. on April 28th until 3:30 a.m. on April 29th. He then left for his place of employment at Dowell Chemical Company in Wooster, Ohio. Harry Davis advised he had intercourse with her and when he left her apartment, the only item of clothing she was wearing was her underpants. Harry Davis also stated that while he was at the victim's apartment, her brother and one of his friends knocked on the door; however, she did not answer the door. We checked with Dowell Chemical Company and learned that Harry Davis did report for work on time at 4:00 a.m. April 29, 1981.

Nicholas Ghessouras was also interviewed and he stated he was at Bowling Green State University at the time of this incident; however, we are unable to verify this statement.

All evidence relating to this case was transported to the FBI Laboratory in Washington, D.C. for analysis.

Known finger, tip and palm prints, along with known pubic, head and chest hair and blood samples were collected from several males and

sent to the FBI Laboratory for comparison with the evidence found at the scene. (See FBI Laboratory Reports for their findings)

Dr. Milton Oakes, Richland County Coroner, placed the time of death at approximately 2:30 a.m., April 29, 1981, as determined by a rectal thermometer reading and temperature of the body at the time she was found. Dr. Paul Jolly, Chief Deputy Coroner, Hamilton County, places the time of death two hours after the victim consumed the mushrooms. The cause of death of Debra L. Miller is multiple blunt injuries of the head and neck.

I was contacted by Det. Larry Schacherer who advised me that Stark County Sheriff's Office had called him in reference to James Vanest had sold his house and the new buyers located firearms that were left inside of the home who then called the Stark County Sheriff's Office. Det. Schacherer advised me Stark County responded to the home and took possession of the firearms and inquired if we were interested in the firearms for this case. I told Det. Schacherer that I was not interested in the firearms for this case as the victim was bludgeoned.

C/A Krista found that James Vanest has sold his house on July 2nd. I learned that James Vanest had been arrested on July 12th in Ripley, WV for a weapons charge and is currently locked up at the Jackson County Sheriff's Office.

C/A Krista obtained the Stark County Sheriff's report #24-30003. Report was added to the case file.

Received a thumb drive from Jackson County Sheriff's Office in West Virginia. The thumb drive contained an interview with James Vanest along with 2 cell phone dumps of James's cell phones. Thumb drive was added to the case file. [09/05/2024 18:01, TBUTLER, 43, MPD]

A copy of the phone dumps and interview was downloaded onto a thumb drive and given to RCPO Chris Brown. [09/05/2024 18:08, TBUTLER, 43, MPD]

10/16/24

As per RCPO requests the witness list related to this was updated and sent back to Atty. Chris Brown.

10/24/24

Received the FBI discovery packet in regards to case 81-8687. The packet and disc was added to the case file. Dawn Fryback had sent a copy to Asst. Prosecutor Chris Brown. [10/24/2024 19:19, TBUTLER, 43, MPD]

10/30/24

Mari Woodord of the ATF Charleston, WV office advised that James Vanest was indicted for being a felon in possession of a firearm. Mari also sent me a copy of the federal warrant.

11/18/24

I was advised that James Vanest was located by the US Marshals in Ohio. I was told that James Vanest began a shootout with law enforcement and subsequently died in the shootout. [11/20/2024 19:57, TBUTLER, 43, MPD]

Det. Butler and I attempted to contact James Vanest at is residence in East Canton this afternoon. Det. Butler knocked on the door however the first set was unanswered. Det. Butler and I then went across the street to contact a neighbor to see if they could provide any information on James. While he was speaking with the neighbor, James came out of his residence and Det. Butler was able to make contact. Det. Butler introduces himself and I and why we were making contact. James went into his residence for a minute and then returned outside. James advised that he would speak with us but did not wish to provide a formal taped statement. James advised that he did remember Debbie Miller and advised that he was questioned many years ago by the Mansfield Police Department after the murder. James advised that he did not tell the officers exactly what happened back then due to Debbie being involved with an MPD officer who she advised was abusive and James was scared of retaliation from him. James advised that he resided in the same apartment building as Debbie but on different floors. James advised that they did not speak must but just knew each other from seeing one another in the building. James advised that about a week before her murder, a homeless black male had been hanging around the complex and James had caught him attempting to gain entry into Debbie's apartment. James advised that he "ran the guy off" with a butcher knife. James advised that he told Debbie what had happened and then she and he began speaking with each other. James advised that about a week after that incident James had been drinking at a local bar. James advised that he walked home and saw Debbie. James advised that Debbie had him into her apartment and preformed oral sex. James advised that that occurred the early morning hours of the day she was murdered. James advised that he had gotten sick in her bathroom right after the sexual encounter and he then returned to his apartment. James advised that he passed out and did not hear or see anything. James advised that he knew that Debbie was promiscuous and known to see the MPD officer. James advised that the officer had been abusive to Debbie forcing her to have sex and anal sex with him. James advised that when he was originally contact by MPD they did take some hair samples from him for DNA. [11/02/2021 20:31, RSWISHER, 28, MPD]

SEROLOGY / DNA REPORT**

Date Submitted:	April 16, 2021	Lab #:	LAB-10-0877
Report To:	Det. T. Butler	Offense #:	37251-98
Report Date:	April 29, 2021	Offense:	Shots Fired
Location:	W. Dickson and Sycamore	Victim:	Larry Caudill

Items Submitted:

#2: Stained blue jeans from Larry Caudill from a sealed box (sampled DNA extract previously generated from stain near the waistband originally reported on November 29, 2010)

Laboratory Examination:

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on the DNA extract previously generated from Item #2. Y-STR DNA profiling was successful at 17 of 23 loci.

Conclusions:

The Y-STR profile from the DNA extract from Item #2 indicates the presence of a partial male DNA profile.

Remarks:

The DNA extract was retained by the laboratory.

Report Date:	October 11, 2021	Offense:	Death Investigation
Location:	151 West Third St.	Victim:	Debbie Miller

Items Submitted:

- #7: An unsealed plastic bag containing a cream colored floral fitted sheet
- #8: A sealed envelope labeled "10", "Floor Kit", "Q33" containing a stained piece of gauze
- #9: A piece of craft paper labeled "Q3" containing a rectangular piece of carpet from bathroom

Reference standards previously analyzed in LIMS#21-0212

- #4 A sealed swab package containing 2 buccal swabs from Robert Lemon
- #5 A sealed swab package containing 2 buccal swabs from Roger Heston
- #6 A sealed swab package containing 2 buccal swabs from Nicholas Gesauras
- #10 A microscope slide labeled K16 (pubic hairs from Steven Medrano)
- #11 A microscope slide labeled K10 (pubic hairs from Robert Foley)
- #12 A microscope slide labeled K20 (pubic hairs from Jerry Stewart)
- #13 A microscope slide labeled K17 (head hairs from James Vanest)
- #14 A microscope slide labeled K40 (pubic hairs from Harry Davis)
- #16 A sealed swab package containing 2 buccal swabs from John Hurlow
- Q41: Blood standard from Debbie Miller

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

Item #7 indicated the presence of semen.

Item #7 indicated the presence of blood. Human blood was not confirmed due to limited sample size.

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on 5 stains on Item #7 and Item #9. DNA profiling was successful at 12 loci on the nonsperm fraction of the stain from the middle of Item #7, 4 loci on the nonsperm fraction and 1 locus on the sperm fraction of the stain from the side opposite from spatter stains on Item #7, and 13 loci on Item #9.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Item #8. Y-STR DNA profiling was successful at 12 loci on Item #8.

DNA profiles were not recovered from the sperm fraction of the semen stain from the middle of the sheet, the sperm fraction of the stain on the spatter side of the sheet (semen indicated but not confirmed), and two reddish stains on Item #7.

Conclusions:

The Y-STR profile from the stain from the "floor kit Q33" indicates the presence of a DNA mixture of two males.

John Hurlow cannot be excluded as a contributor. A statistical estimate of match rarity can be calculated upon request.

James Vanest cannot be excluded as a donor of the Y-STR profile foreign to John Hurlow. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 5,463. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The DNA profile from the piece of bathroom carpet indicates the presence of a DNA mixture of two individuals.

Debbie Miller cannot be excluded as a contributor to the DNA mixture. A statistical estimate of match rarity can be calculated upon request.

Nicholas Gesauras cannot be excluded as a donor of the DNA profile foreign to Debbie Miller. The probability that a randomly selected individual would be included as a possible donor of the foreign DNA profile at the loci available for statistical calculation is: 1 in 156,800.

The DNA profile from the nonsperm fraction of the semen stain from the middle of the sheet indicates the presence of a DNA mixture of two individuals.

Debbie Miller cannot be excluded as a contributor to the DNA mixture. A statistical estimate of match rarity can be calculated upon request.

Harry Davis cannot be excluded as a donor of the DNA profile foreign to Debbie Miller. The probability that a randomly selected individual would be included as a possible donor of the foreign DNA profile at the loci available for statistical calculation is: 1 in 94,430,000.

The DNA profile from the nonsperm fraction of the semen stain from the side of the sheet opposite from spatter stains indicates the presence of a female DNA profile. Debbie Miller cannot be excluded as a donor of this profile. A statistical estimate of match rarity can be calculated upon request.

The DNA profile from the sperm fraction of the semen stain from the side of the sheet opposite from spatter stains indicates the presence of a partial DNA profile. James Vanest and Roger Heston cannot be excluded as a donor of the partial DNA profile. The probability that a randomly selected individual would be included as a possible donor of the DNA profile at the locus available for statistical calculation is: 1 in 5.

The DNA profile recovered from the nonsperm fraction of the stain on the spatter side of the sheet (semen indicated but not confirmed) was not suitable for comparison due to low levels of DNA.

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, and the stain on Larry Caudill's jeans are excluded as contributors to the Y-STR profile recovered from the stain from the "floor kit Q33".

Robert Lemon, Roger Heston, Steven Medrano, Robert Foley, Jerry Stewart, James Vanest, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as contributors to the DNA mixture recovered from the piece of bathroom carpet.

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, James Vanest, John Hurlow, and the stain on Larry Caudill's jeans are excluded as contributors to the DNA mixture recovered from the nonsperm fraction of the semen stain from the middle of the sheet.

Robert Lemon, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as donors of the partial DNA profile recovered from the nonsperm fraction of the semen stain from the side of the sheet opposite from spatter stains.

Robert Lemon, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, John Hurlow, Debbie Miller, and the stain on Larry Caudill's jeans are excluded as donors of the partial DNA profile recovered from the sperm fraction of the semen stain from the side of the sheet opposite from spatter stains.

Remarks:

The remaining portions of Items #7, #8, and #9 have been returned to Property Control. The DNA extracts from all stains from Item #7, #8, and #9 were consumed during analysis.

Extracted stain cuttings from Items #7, #8, and #9 were retained by the laboratory.

Additional small brownish stains were present on the sheet and were not tested. An additional small stain that indicated the presence of semen was located on the side of the sheet opposite from spatter stains. DNA testing was not performed due to its proximity to a tested stain.

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

Six areas of Item #3 were extracted for DNA. No DNA was obtained.

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #1.1 through #1.4, and Items #2.1 through #2.6. DNA profiling was successful at 12 loci on Item #1.1, 6 loci on Item #1.2, 8 loci on Items #1.3 and #2.4, 20 loci on Item #1.4, 14 loci on Item #2.1, 16 loci on Item #2.2, and 18 loci on Items #2.3, #2.5, and #2.6.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #2.1 and #2.5. Y-STR DNA profiling was successful at 7 loci on Item #2.1 and 22 loci on Item #2.5.

Conclusions:

The DNA profile from Item #1.1 indicates the presence of a male DNA profile. To a reasonable degree of scientific certainty, Nicholas Gesauras is the source of the DNA profile.

The DNA profile from Item #1.2 indicates the presence of a male DNA profile. Harry Davis cannot be excluded as a donor of this partial DNA profile. The probability that a randomly selected individual would be included as a possible donor to this DNA profile is: 1 in 12,940.

The DNA profiles (STR & Y-STR) from Item #2.1 indicates the presence of a male DNA profile. To a reasonable degree of scientific certainty, Harry Davis is the source of the DNA.

The DNA profiles recovered from Items #1.3, #2.4, and #2.5 indicate the presence of the same male DNA profile.

The DNA profile recovered from Item #1.4 indicates the presence of two individuals with a major male DNA profile. The major profile is similar to the male profile in Items #1.3, #2.4, and #2.5. Debbie Miller cannot be excluded as the donor of the minor DNA profile. A statistical estimate of match rarity can be calculated upon request.

The DNA profiles from Items #2.2, #2.3, and #2.6 indicate the presence of a female DNA profile. Debbie Miller cannot be excluded as the donor of these DNA profiles. A statistical estimate of match rarity can be calculated upon request.

Nicholas Gesauras is excluded as a contributor to the DNA profiles recovered from Items #1.2 through #1.4 and Items #2.1 through #2.6.

Harry Davis is excluded as a contributor to the DNA profiles recovered from Items #1.1, #1.3, #1.4, and Items #2.2 through #2.6.

Debbie Miller is excluded as a contributor to the DNA profiles recovered from Items #1.1 through #1.3 and Items #2.1, #2.4, and #2.5.

Robert Lemon, Roger Heston, Steven Medrano, Robert Foley, Jerry Stewart, James Vanest, John Hurlow, and the stain on Larry Caudill's jeans are excluded as contributors to the DNA profiles recovered from Items #1.1 through #1.4 and Items #2.1 through #2.6.

The DNA profiles from Items #2.1 and #2.5 were entered into the Combined DNA Index System (CODIS) in accordance with state and national regulations, where regular searches were performed. Both DNA profiles have been removed from CODIS.

Remarks:

The Belair cigarette butts (Items #1.3, #1.4, #2.4, and #2.5) were not present in photographs of the ashtrays that were taken at the scene.

The remaining portions of Items #1 through #3 have been returned to Property Control. The six extracts from Item #3 were disposed of by the laboratory. The DNA extracts from Items #1.1, #1.2, #1.3, #1.4 and #2.4 were consumed during analysis. The DNA extracts from Items #2.1, #2.2, #2.3, #2.5, and #2.6 were retained by the laboratory.

Q41: Blood standard from Debbie Miller

Laboratory Examination:

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #4 through #6, Items #10 through #14, #16, and Q41. DNA profiling was successful at 13 loci on Item #5, all autosomal loci on Q41, and all loci on Items #4, #6, #10 through #14, and #16.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #4, #5, #10 through #14, and #16. Y-STR DNA profiling was successful at all loci on Items #4, #5, #10 through #14, and #16.

Conclusions:

DNA profiles were generated for Items #4 through #6, Items #10 through #14, #16, and Q41.

The DNA profile from the head hairs from James Vanest has been entered into the Combined DNA Index System (CODIS) in accordance with state and national regulations, where regular searches will be performed. Notification will be issued if there is a hit in the database or if the profile is removed from CODIS in the future.

Remarks:

The remaining portions of Items #4 through #6, Items #10 through #14, and #16 have been returned to Property Control. The DNA extracts were retained by the laboratory.

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Items #19, #21, #22, and #23 indicated the presence of blood. Human blood was not confirmed to conserve sample.

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #20 and #23. DNA profiling was successful at 12 loci on Item #23.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #19, #21, #22, and #24.1. Y-STR DNA profiling was successful at 7 loci on Item #19, 8 loci on Item #21, 12 loci on Item #22, and 4 loci on Item #24.1.

Item #18 failed to indicate the presence of male DNA.

Conclusions:

The DNA profile from the gauze from the "buckle of leather belt" indicates the presence of a female DNA profile. Debbie Miller cannot be excluded as a donor of this profile. A statistical estimate of match rarity can be calculated upon request.

The Y-STR profile from the gauze from "door frame between Kit & L.R." indicates the presence of a DNA mixture of at least three individuals with a major male profile.

John Hurlow cannot be excluded as the donor of the major DNA profile. A statistical estimate of match rarity can be

calculated upon request.

The minor DNA profiles are not suitable for comparison due to the number of contributors .

The Y-STR profile from the gauze from "silver belt buckle" indicates the presence of a DNA mixture of two individuals with a major male profile and a minor male profile.

James Vanest cannot be excluded as the donor of the major DNA profile . The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 5,463. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

Harry Davis and the stain from Larry Caudill's jeans cannot be excluded as the donor of the minor DNA profile . The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 3. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the gauze from "silver belt" indicates the presence of a DNA mixture of two individuals with a major male profile and a minor male profile.

James Vanest cannot be excluded as the donor of the major DNA profile . The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 9,742. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

Harry Davis cannot be excluded as the donor of the minor DNA profile . The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 5,463. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the vaginal smear slide indicated the presence of a DNA mixture of at least two male individuals . This DNA mixture is not suitable for comparison due to low levels of DNA.

A DNA profile was not recovered from the gauze from the "broom".

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, James Vanest, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as donors of the DNA profile from the gauze from the "buckle of leather belt".

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, James Vanest, Harry Davis, and the stain on Larry Caudill's jeans are excluded as donors of the major Y-STR profile from the gauze from "door frame between Kit & L.R."

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, and John Hurlow are excluded as donors of the major and minor Y-STR profiles from the gauze from "silver belt buckle".

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, John Hurlow, and the stain on Larry Caudill's jeans are excluded as donors of the major and minor Y-STR profiles from the gauze from "silver belt".

Remarks:

The remaining portions of Items #18 through #24.2 have been returned to Property Control. The DNA extracts from Items #19 through #24.1 were consumed during analysis. The DNA extract from Item #18 was retained by the laboratory.

Extracted stain cuttings from Items #18 through #24.1 were retained by the laboratory.

MANSFIELD POLICE FORENSIC SCIENCE LABORATORY
SEROLOGY / DNA REPORT

Date Submitted:	March 19, 2021	Lab #:	LAB-21-0212
Report To:	Det. T. Butler	Offense #:	8687-81
Report Date:	December 3, 2021	Offense:	Death Investigation
Location:	151 West Third St.	Victim:	Debbie Miller

Items Submitted:

#15: A coral/white hand towel

#17: A brown washcloth

Items submitted in Property Control #15847 and previously extracted:

Q43: DNA extract from silver belt

Q44: DNA extract from leather belt buckle

Reference standards previously analyzed in LIMS#21-0212

- #4 A sealed swab package containing 2 buccal swabs from Robert Lemon
- #5 A sealed swab package containing 2 buccal swabs from Roger Heston
- #6 A sealed swab package containing 2 buccal swabs from Nicholas Gesauras
- #10 A microscope slide labeled K16 (pubic hairs from Steven Medrano)
- #11 A microscope slide labeled K10 (pubic hairs from Robert Foley)
- #12 A microscope slide labeled K20 (pubic hairs from Jerry Stewart)
- #13 A microscope slide labeled K17 (head hairs from James Vanest)
- #14 A microscope slide labeled K40 (pubic hairs from Harry Davis)
- #16 A sealed swab package containing 2 buccal swabs from John Hurlow
- Q41: Blood standard from Debbie Miller

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

Two hairs were located on Item #15 and microscopically examined for the presence of roots. One hair had no root present and the other hair had a root which was not suitable for DNA analysis.

Items #15 and #17 indicated the presence of blood. Human blood was not confirmed to conserve sample.

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #15 (fringe) and #17 (both sides). DNA profiling was successful at 15 loci on Item #15 and 12 loci from the tag side of Item #17.

The non-tag side of Item #17 was negative for a DNA profile.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #15, Q43, and Q44. Y-STR DNA profiling was successful at 12 loci on Item #15.

Q43 and Q44 were negative for Y-STR profiles.

Conclusions:

The autosomal DNA profile from the fringe of the coral/white hand towel indicates the presence of a DNA mixture of two individuals.

Debbie Miller cannot be excluded as a contributor to the DNA mixture. A statistical estimate of match rarity can be calculated upon request.

James Vanest cannot be excluded as a donor of the male DNA profile. The probability that a randomly selected individual would be included as a possible donor of this male DNA profile at the loci available for statistical calculation is: 1 in 16,620.

The Y-STR DNA profile from the fringe of the coral/white hand towel indicates the presence of a DNA mixture of at least three contributors with a major male DNA profile.

James Vanest cannot be excluded as a donor of the major Y-STR. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 5,463. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The minor DNA profiles are not suitable for comparison due to the number of contributors.

The DNA profile recovered from the tag side of the brown washcloth indicated the presence of at least two contributors and is not suitable for comparison due to low levels of DNA.

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as donors of the male DNA profile from the coral/white hand towel.

Remarks:

A yellow fiber was located on Item #15 and retained with the item.

The remaining portions of Items #15 and #17 have been returned to Property Control. Extracted stain cuttings from Items #15 and #17 were retained by the laboratory.

The DNA extracts from Item #17 were consumed during analysis and the DNA extracts from Item #15, Q43, and Q44 were retained by the laboratory.

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

#2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on 2 stains on Item #7. DNA profiling was successful at 10 loci on the stain from the side opposite from spatter stains of Item #7, and 10 loci on the stain from the side with spatter stains on Item #7.

Conclusions:

The DNA profile from the stain on the sheet from the side opposite from spatter stains (semen previously indicated by the FBI) indicates the presence of a DNA mixture of two individuals.

Debbie Miller cannot be excluded as a contributor to the DNA mixture. A statistical estimate of match rarity can be calculated upon request.

James Vanest cannot be excluded as a donor of the DNA profile foreign to Debbie Miller. The probability that a randomly selected individual would be included as a possible donor of the foreign DNA profile at the loci available for statistical calculation is: 1 in 502.

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as contributors to the DNA mixture.

The DNA profile recovered from the stain on the spatter side of the sheet (semen previously indicated but not confirmed) indicates the presence of a DNA mixture of at least three individuals that is not suitable for comparison due to low levels of DNA.

Remarks:

The remaining portion of Item #7 has been returned to Property Control. The DNA extracts from both stains from Item #7 were consumed during analysis.

Extracted stain cuttings from Items #7 were retained by the laboratory.

Report To:	Det. T. Butler	Offense #:	8687-81
Report Date:	May 3, 2024	Offense:	Death Investigation
Location:	151 West Third St.	Victim:	Debbie Miller

Items Submitted:

- #7: A sealed paper bag containing a cream colored floral fitted sheet
- #24: A sealed plastic bag containing an envelope from "Debbie Miller" containing:
 - #24.1: 3 vaginal smear slides folded in a piece of yellow lined paper
 - #24.2: 1 oral smear slide folded in a piece of yellow lined paper (not examined)
- #25: A sealed envelope containing gauze from "range" (FBI# Q32)
- #26: A sealed envelope containing gauze from "sink kit" (FBI# Q37)
- #28: An unsealed paper bag containing a pot (FBI# Q5)
- #29: A sealed paper bag containing a black plastic handle with metal ring
- #30: An unsealed paper package containing 4 pieces of iron gratings (FBI# Q8)
- #31: An unsealed paper package containing 9 pieces of iron gratings (FBI# Q9)
- #32: An unsealed paper package containing one iron grate portion (FBI# Q10)
- #34: A sealed envelope containing a piece of wallpaper from "LR wall facing east north side" (FBI #Q24)
- #35: A sealed envelope containing a piece of wallpaper from "L.R. wall south side facing east" (FBI# Q26)
- #37: A sealed envelope containing gauze from "L.R. by heater" (FBI# Q36)
- #38: A sealed plastic bag containing a metal pot handle "found on floor near body" in a paper bag (FBI# Q6)
- #39: A sealed plastic bag containing "Debra Miller Fingernail Scrapings" in a metal tin inside a plastic bag (FBI# Q18)
- #40: One previously stained vaginal smear slide removed from a sealed envelope

Reference standards previously analyzed in LIMS#21-0212

- #4 A sealed swab package containing 2 buccal swabs from Robert Lemon
- #5 A sealed swab package containing 2 buccal swabs from Roger Heston
- #6 A sealed swab package containing 2 buccal swabs from Nicholas Gesauras

- #14 A microscope slide labeled K40 (pubic hairs from Harry Davis)
- #16 A sealed swab package containing 2 buccal swabs from John Hurlow
- Q41: Blood standard from Debbie Miller

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

Spermatozoa were observed on the vaginal smear slide (Item #40).

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #7, #26, #28 (two areas), #29, #30, #34, #35, #37, #38, and #39. DNA profiling was successful at 1 locus on Items #7 & one area of #28, 27 loci on Item #26, 10 loci on a second area of Item #28, 9 loci on Items #29 & #39, 13 loci on Item #30, 8 loci on Item #34, 14 loci on Item #35, and 24 loci on Item #37.

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #28

(two areas), #31 (three areas), #32, and Items #24.1 & #40 combined. Y-STR DNA profiling was successful at 7 loci on Items #24.1 & #40 combined.

Y-STR DNA profiles were not recovered from Items #28 (two areas), #31 (three areas), or #32.

DNA was not recovered from Item #38.

No visible staining was observed on Item #25. No further testing was performed.

Conclusions:

The DNA profile from the gauze from "sink kit" (Item #26) indicates the presence of a DNA mixture of two individuals.

John Hurlow and Debbie Miller cannot be excluded as contributors to the DNA mixture. A statistical estimate of match rarity can be calculated upon request.

James Vanest, Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, and the stain on Larry Caudill's jeans are excluded as contributors to the DNA mixture.

The STR DNA profiles recovered from one area of the pot (Item #28), black plastic handle (Item #29), iron gratings (Item #30), piece of wallpaper from "LR wall facing east north side" (Item #34), piece of wallpaper from "L.R. wall south side facing east" (Item #35), gauze from "L.R. by heater" (Item #37), and "Debra Miller fingernail scrapings" (Item #39) indicate the presence of a female DNA profile.

Debbie Miller cannot be excluded as the donor of these DNA profiles. A statistical estimate of match rarity can be calculated upon request.

James Vanest, Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, John Hurlow, and the stain on Larry Caudill's jeans are excluded as donors of these DNA profiles.

The STR DNA profiles recovered from small brownish colored stains on the sheet (Item #7) and a second area of the pot (Item #28) are not suitable for comparison due to low levels of DNA.

The Y-STR profile from the vaginal smear slides (Items #24.1 & #40) indicates the presence of a DNA mixture of at least three individuals that is not suitable for comparison due to no discernible major/minor profiles.

Remarks:

The remaining portions of Items #7, #24 through #26, #28 through #32, #34, #35, and #37 through #40 have been returned to Property Control and the extracted stain cuttings were retained by the laboratory. The vaginal smear slide in #40 was repackaged with Item #24 after analysis.

The DNA extracts from Items #7, #24 & #40 combined, #28 (three areas), #30, #31 (three areas), #32, #34, #35, and #39 were consumed by the laboratory during analysis. The DNA extracts from Items #26, #28 (one area), #29, #37, and #38 were retained by the laboratory.

Item submitted in GO#98-037251 and previously reported on November 20, 2010 and April 29, 2021:

- #2 Stained blue jeans from Larry Caudill from a sealed box

Laboratory Examination:

Blood was indicated on Item #15, however human blood was not confirmed to preserve limited sample. Additional reddish stains are present on Item #15 and were not tested at this time.

STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Fusion 6C kit was performed on Items #15 (three stains) and #27 (three areas). DNA profiling was successful at 2 loci on Item #15 (stain 2), 10 loci on Item #15 (stain 3), 7 loci on Item #15 (stain 4), 7 loci on Item #27 (area 27.1), 18 loci on Item #27 (area 27.2), and 17 loci on Item #27 (area 27.3).

Y-STR DNA profiling using the polymerase chain reaction with the Promega PowerPlex® Y23 kit was performed on Items #27 (five areas), #33, and #36. Y-STR DNA profiling was successful at 13 loci on Item #33, 6 loci on Item #27 (area 27.1A), 3 loci on Item #27 (area 27.4), 5 loci on Item #27 (area 27.5), 9 loci on Item #27 (area 27.6), 4 loci on Item #27 (area 27.7), and 9 loci on Item #36.

Conclusions:

The Y-STR profile from the gauze from the "LR wall north of door facing east" (Item #33) indicates the presence of a DNA mixture of at least three male individuals with a major male DNA profile. The minor DNA profiles are not suitable for comparison due to the number of contributors.

James Vanest cannot be excluded as a donor of the major Y-STR profile. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 6,157. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the gauze from the "L.R. by heater" (Item #36) indicates the presence of a DNA mixture of two male individuals.

John Hurlow cannot be excluded as a contributor. A statistical estimate of match rarity can be calculated upon request.

James Vanest cannot be excluded as a donor of the Y-STR profile foreign to John Hurlow. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 92. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the pan (Item #27 area 1B resampling) indicates the presence of a male DNA profile.

James Vanest cannot be excluded as a donor of the Y-STR profile. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 1,559. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the pan (Item #27 area 27.4) indicates the presence of a male DNA profile.

James Vanest cannot be excluded as a donor of the Y-STR profile. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 27. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the pan (Item #27 area 27.6) indicates the presence of a male DNA profile.

James Vanest cannot be excluded as a donor of the Y-STR profile. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 6,157. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the pan (Item #27 area 27.7) indicates the presence of a male DNA profile.

James Vanest cannot be excluded as a donor of the Y-STR profile. The probability that a randomly selected individual would be included as a possible contributor to this haplotype is 1 in 46. The Y-STR haplotype is expected to be the same for male individuals of the same paternal lineage.

The Y-STR profile from the pan (Item #27 area 27.5) indicates the presence of a DNA mixture of at least two male individuals and is not suitable for comparison due to no discernible major/minor DNA profiles.

The STR DNA profile from the coral/white hand towel (Item #15 stain 2) indicates the presence of a partial DNA profile that is not suitable for comparison due to low levels of DNA and limited genetic information.

The STR DNA profile from the coral/white hand towel (Item #15 stain 3) indicates the presence of a DNA mixture of two individuals.

Debbie Miller cannot be excluded as a contributor to this DNA mixture.

James Vanest cannot be excluded as a donor of the male DNA profile. The probability that a randomly selected individual would be included as a possible donor of this male DNA profile at the loci available for statistical calculation is: 1 in 2,881.

The STR DNA profiles from the coral/white hand towel (Item #15 stain 4) and three areas of the pan (Item #27 areas 1B, 2B, & inside bottom) indicate the presence of a female DNA profile.

Debbie Miller cannot be excluded as the donor of this DNA profile.

James Vanest is excluded as a donor of the DNA profile.

Robert Lemon, Roger Heston, Nicholas Gesauras, Steven Medrano, Robert Foley, Jerry Stewart, Harry Davis, and the stain from Larry Caudill's jeans are excluded as donors/contributors of the DNA profiles deemed suitable for comparison recovered from the gauze from the "LR wall north of door facing east" (Item #33), pan (Item #27), coral/white hand towel (Item #15), and the gauze from the "L.R. by heater" (Item #36).

John Hurlow is excluded as a donor/contributor to the DNA profiles deemed suitable for comparison recovered from the gauze from the "LR wall north of door facing east" (Item #33), pan (Item #27), and the coral/white hand towel (Item #15).

Statistical estimates of match rarity for Debbie Miller can be calculated upon request.

Remarks:

The remaining portions of Items #15, #27, #33, and #36 have been returned to Property Control. The DNA extracts from Items #15 (three stains), #27 (areas 27.1, 27.1A, 27.4, 27.5, 27.6, & 27.7), #33, and #36 were consumed during analysis. The DNA extracts from Item #27 (areas 27.2 & 27.3) were retained by the laboratory.

Extracted DNA stain cuttings from Items #15, #27, #33, and #36 have been retained by the laboratory.

Life is beautiful when you have the right family, people, and friends around you. I know you don't know me, but I hope you are aware that every good friend you have today was once a stranger.

Sometimes we meet someone new and feel like we have known them all our lives. I must admit that I love every post you have on your profile, and you seem like a nice woman who would be a good friend. Can we please be friends 🙏 I've tried several times to send you a request, but it's not going through, so I decided to drop a comment here. Please kindly click on my profile and send me a friend request. Thanks and best wishes. 🌺🌺🌺

Helga Hägar My Beautiful Friend, I hope you are flourishing. I am sorry that I have not taken time for you, before now. But I really am honored to have you as my friend, and most especially, my Patriot Sister 🇺🇸🇺🇸🇺🇸🇺🇸
🇺🇸💜🌹. You have been very kind and sweet, liking so much of what I have shared. And if I were a young man, I would be trying to get to know you much better, so we could hurry up and get married ❤️😂. Oh well, part of being old, is that you can make jokes and tease with an extremely beautiful young Lady, and (hopefully) not have her get hot under the collar at you. I am not a bad sort, so just try to smile 😊, and overlook me. From your profile, it appears that you are, or were in the military. You know, in my opinion, that is one of the most admirable paths that anyone can take. I salute you, Sister, you have my respect. I was just hoping to touch base with you, and let you know that I appreciate you. Have a great day, and think of me, when you pray 🇺🇸🇺🇸💜🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸🇺🇸

For those of us, who are determined to support or stand with Israel, I have a suggestion. If you despise seeing and hearing about the looney ass wipes on college/university campuses, "protesting", calling for divestment from all investments with anything related to Israel, this is my suggestion: First of all, it accomplishes little, to simply say "I stand with Israel", but take no real action. If we are desirous to Stand with Israel, we can find out which companies are owned by Israeli entities and purchase what products we need from them. If you are blessed to possess money to invest, or already own stocks and/or bonds, you could concentrate what investment funds in your control in Israeli investment funds. Not only do we need to defy the lunatic fringe, communist left, but we need to let Israel know that there are a great many more Americans, and particularly CHRISTIANS, who are on their side, than these goofy fools, who have no real notion of what they are doing. We have to send Netanyahu the message, that American Patriots do NOT support the administration occupying the White House, and that we urge him to prosecute his war, his way, refusing to cave in to the pressure of the evil corrupt politicians.

Thank You, ALL of my Patriot Brothers and Sisters. God Will bless you for blessing Israel.

Your Patriot Brother, Jim Vanest 🇺🇸🇮🇱🇺🇸!!!!!!

To all of my new friends on fakebook, who just accepted my friend requests : I have been fighting against the tyranny which controls this venue, for years, and for their part, they restrict me **CONSTANTLY!!!!!!!** I have sent most of you a thank you, as well as some words of encouragement. But, 99% of those are not good out, because the tyrannical scourge that is fakebook keeps preventing them from doing so. I apologize, and I thank y'all for being my friends, and most significantly, my Patriot Brothers and Sisters. One day, probably not untill President Trump is back in the White House, these S.O.B.s will get what is coming to them, and this will cease to be a demonic 🐈🐈🐈🐈🐈 stronghold, where free speech and truth are no longer outlawed. I love ❤️ you, one and all. Your Brother, Jim Vanest
