Officer-Involved Critical Incident- 256 N. Swain, Larue, Ohio 43332

Investigative Activity: Records Received; Document Review

Activity Date: December 30, 2022

Activity Location: BCI Bowling Green Office

Authoring Agent: Special Agent Supervisor Scott Stranahan

Narrative:

On Tuesday, December 20, 2022, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Jason Snyder (SA Snyder) received requested records and recordings from The Marion County Sheriff's Office and Marion Police Department SA Snyder had previously requested all dispatch records, audio recordings (radio, 911, and phone), mobile data terminal (MDT) communications, and any other dispatch/communications-related information for the following date and time period: December 20, 2022 at 0500 hours, until December 20, 2022 at 1400 hours. As a result of that request, the following items were received and reviewed:

Computer Aided Dispatch (CAD) Records:

Special Agent Supervisor (SAS) Scott Stranahan first reviewed records obtained from the Marion Police Department that contained the dispatch log regarding this incident. SAS Stranahan reviewed the records and noted the following.

The execution of the search warrant began shortly after 0500 hours on December 20, 2022. The event was created by dispatch at approximately 05:09:27. The location of the event is listed as 256 N. Swain Street and the nature of the event is listed as "Search Warrant." At approximately 05:11:58 an individual identified as SO08 reported "two males into [entered] the trailer.

Beginning at approximately 05:34:23 hours, an individual identified as PD38 provided the following details: "black Puma sweatshirt backing away;" at 05:34:23 hours, PD38 was documenting as saying "blinding us with his light;" at 05:35:58 hours was documented as saying "he might have body armor on."

For the next several minutes, the dispatchers documented radio traffic between members of law enforcement involved in the incident. Information such as commands to "Watch crossfire," "do not fire into the neighborhood," "Where is less lethal," "Where is the dog," and "Greenlight K9," were documented.

Officer-Involved Critical Incident- 256 N. Swain, Larue, Ohio 43332

At approximately 05:40 hours, a unit identified as MM27 was documented as saying "He has guns on him." Then at 05:43:59, a unit identified as SO08 was documented as saying "shots fired by Police and suspect." Following this statement, dispatch documented other individuals involved requesting a "squad (rescue squad)," "need a chopper up (medical helicopter), officers establishing a landing zone for a medical helicopter, "Cancel the chopper," "CPR in Progress," radio traffic concerning officers securing the scene and the buildings at Hellinger's residence and "BCI is on scene."

Radio Traffic Recordings:

SAS Stranahan next reviewed the audio file titled: "All Combined Traffic – 911/Dispatch Audio." The file is approximately 13:37 long and contained both Law Enforcement and EMS radio traffic. Investigation revealed the following details. The audio file begins at 5:10:37 with a male officer broadcasting "Two males went in the trailer." As the audio continues, an officer tells other officers that the drone would be following the subject and ordered the snipers to "let him go."

Approximately 30 seconds into the audio recording, an officer broadcasts "[unintelligible] need units over here. He's resisting. He won't comply. He might have a gun."

At approximately 44 seconds into the audio recording, an officer broadcasts "He's backing away from us. He's in a black Puma sweatshirt with a hat on."

At approximately 1:04 into the audio recording, an officer stated the subject was "blinding them with his light [a flashlight]" and also said it appeared the subject might be wearing body armor.

Additional radio traffic is overheard where officers broadcast the direction the subject is heading. An officer can be heard directing the actions of other officers and repositioning them toward the area the subject is headed. An officer can be overheard asking if units involved needed "less lethal." Later, an officer is heard broadcasting to other officers the subject might be headed back toward his residence and that officers on the railroad tracks with less lethal weapons need to "stop that." An officer can be overheard providing instructions – "get the K-9s up just in case. Get both K-9s out."

At approximately 2:31 into the audio recording, an officer broadcast instruction for the officers involved to watch their "crossfire" and instructed them not to fire into the neighborhood.

At approximately 2:48, an officer can be overheard saying "Release the K-9 when you get an opportunity. You are a greenlight."

Officer-Involved Critical Incident- 256 N. Swain, Larue, Ohio 43332

At 2:54 into the audio recording, an officer can be overheard saying: "Please be aware he has guns on him."

At 3:22 into the audio recording, an officer can be overheard saying "Shots fired. Shots fired by the police and suspect."

At 3:45 into the audio recording, the dispatcher can be overheard requesting EMS to respond to the scene due to "shots fired." A short time later, an officer on scene requests a "squad" at the scene. That same officer then broadcast "Medic Up! Medic Up!" There were several broadcasts regarding setting up a landing zone for a medical helicopter. The tactical medic later said the request for the medical helicopter could be canceled. The remainder of the radio traffic was rescue personnel and additional units responding to the scene.

SAS Stranahan then reviewed the audio file titled "21-06131 Combined Traffic – 911/Dispatch Audio." Investigation revealed this file contained only the law enforcement radio traffic as previously discussed in this report.

911 Calls:

SAS Stranahan next reviewed a file titled "22-06131 911 call – 911 Audio." The file is approximately 31 seconds long. The call was received by dispatch at 05:49:24. The female caller reported she lived on Vine Street in LaRue and was just awakened to the sound of "gun shots and a fight." The dispatcher tells the caller there is an incident in the area and that police have located the subject. The dispatcher instructed the female caller to "stay safe where you're at." Nothing further was discussed and the call was concluded. For further details refer to the listed audio file.

Other Phone Calls (other than 911):

There were no other 911 calls.

Mobile Data Terminal (MDT) Communications:

There were no MDT communications provided.

The records and recordings received were attached to this investigative report. Please refer to the attachments for further details.
