SA Moran asked Officer Marcum, "When you hear shots fired over the radio, what kind of response do you partake in after you hear that." Officer Marcum stated, "I mean, it's definitely, you know, you, you become more heightened, you know this isn't just a car chase over something that you have no idea what's going on, there's now, definitely there's a gun involved and then, so everything you do needs to be more aware and heightened."

SA Momchilov asked Officer Marcum if he had an opportunity to look inside the individual's vehicle. Officer Marcum responded, "Yes, I was part of a, when I arrived on scene I saw that there were a lot of officers up ah, by where the shooting had taken place and then ah, and then it was called out that ah, nobody had gone over and cleared the vehicle. So, me and a group of other officers went over and cleared the vehicle, made sure there were no other persons inside of the vehicle, and then after that walked up to the driver's side of the vehicle and looked inside to check for firearms or anything of that sort and I saw the suspect's firearm sitting in the driver's seat with the magazine out and a shell casing."

SA Momchilov responded, "Magazine out and a shell casing?" Officer Marcum replied, "Ah next, sitting next to the gun."

SA Momchilov asked Officer Marcum if he manipulated the gun, such as opening the slide. Officer Marcum replied, "No, no I, I immediately told ah, I called it out there's a firearm in the vehicle and then ah, anybody else who approached the vehicle I said hey listen this, this gun is here, it was like this, no one touched it and ah, we're going to leave it alone, until we get any further guidance."

SA Momchilov asked Officer Marcum if he recalled what kind of firearm it was. Officer Marcum replied that it, "looked like a Glock if I remember correctly."
