Officer Involved Critical Incident - 1055 East Avenue,
Akron, Ohio 44307, Summit County

One 9mm cartridge case collected from the scene was found to have a source identification with the Taurus, model G2C, located on Tucker on November 28, 2024.

Images of the subjects involved in the shooting at the Nissan are shown below.

APD case #2024-00140334 (BCI Lab #24-38467)

On November 24, 2024, APD officers responded to 1877 12th Street SW, Akron, OH for a report of an occupied residence being struck with gunfire. Officers noted that the south side of the house was struck 5 times.

Five 9mm cartridge cases collected from the scene were found to have a source identification with the Taurus, model G2C, located on Tucker on November 28, 2024.

The two persons residing in the home noted above were a 35-year-old female and a 15-year-old male. SA Lieber was informed that APD Detective Crockett spoke with the occupants and learned that the 15-year-old male did not know Jazmir Tucker. In addition, information was relayed to Detective Crockett that the target of the shooting may have been the female's former boyfriend Mason Wells.

A triage of the submitted firearms evidence was performed. This process includes assessing cartridge case(s) and test fires to determine the best representative sample from those having similar firearm produced markings for NIBIN entry. This is not, nor should it be, interpreted as a comparative examination to the fired cartridge case(s) or as to determine how many firearms may have been responsible for firing the cartridge case(s).

A cartridge case, Exhibit Number: BCI 3T2 was entered and searched in the NIBIN database.

Comparison Conclusion Scale

The following lists the conclusions a Forensic Scientist may reach when performing comparisons. In reaching a conclusion, a Forensic Scientist considers the similarities and dissimilarities and assesses the relative support of the observations under the following two propositions: the evidence originated from the same source or from a different source.

A Forensic Scientist may utilize their knowledge, training, and experience to evaluate how much support the observed similarities or dissimilarities provide for one conclusion over another. A conclusion shall not be communicated with absolute certainty. It is an interpretation of observations made by the Forensic Scientists and shall be expressed as an expert opinion.

1	Source Identification	The observations provide extremely strong support for the proposition that the evidence originated from the same source and the likelihood for the proposition that the evidence arose from a different source is so remote as to be considered a practical impossibility.
2	Support for Same Source	The observations provide more support for the proposition that the evidence originated from the same source rather than different sources; however, there is insufficient support for a Source Identification. The degree of support may range from limited to strong or similar descriptors of the degree of support. Any use of this conclusion shall include a statement of the factor(s) limiting a stronger conclusion.
3	Inconclusive	The observations do not provide a sufficient degree of support for one proposition over the other. Any use of this conclusion shall include a statement of the factor(s) limiting a stronger conclusion.
4	Support for Different Source	The observations provide more support for the proposition that the evidence originated from different sources rather than the same source; however, there is insufficient support for a Source Exclusion. The degree of support may range from limited to strong or similar descriptors of the degree of support. Any use of this conclusion shall include a statement of the factor(s) limiting a stronger conclusion.
5	Source Exclusion	The observations provide extremely strong support for the proposition that the evidence originated from a different source and the likelihood for the proposition that the evidence arose from the same source is so remote as to be considered a practical impossibility; or the evidence exhibits fundamentally different characteristics

Action Taken:

On November 28, 2023 around 13:04 hours Akron patrol officers were dispatched to the area of Bisson Ave and Belleflower Rd reference a shots fired call. The call notes read that ten shots were heard. Patrolmen arriving on scene began securing the scene and gathering information. It was determined that shots were fired near the intersection of Bisson Ave and Belleflower Rd. Several shell casings were located in the street and on the sidewalk. There was broken glass in the street in the same intersection. Shell casings were located between 904 and 908 Bisson Ave. A silver Nissan Rogue bearing Ohio registration R304889 was found on the devil strip across from 904 Bisson Ave with the front bumper against a tree. The Nissan Rogue had several bullet holes through the passenger side.

Detectives with the Akron Police Department's Gun Violence Reduction Task Force arrived on scene to assist. A female walked up to the Nissan and claimed the driver was her brother, Alexander Parson. The female stated Alexander was at 933 Bisson Ave. She said he ran home after the car was shot at. She further said she came to see the car and Alexander stayed back at the house because there was a newborn baby there.

While detectives and patrolman were handling the call on Bisson Ave another call came in at 1064 Mercer Ave. Officers spoke to a caller and discovered a handgun and a rifle behind the garage of this address. The handgun was found to be a Taurus G2C 9mm loaded with a round in the chamber. The serial number was run, and it was found to be stolen out of Akron.(Report #23-129493) The other firearm was a Romarm WASR-10 .762 mm rifle loaded with a round in the chamber.

Detectives then went to 933 Bellevue Ave and spoke with Alexander Parson. Alexander stated that he was driving, and some unknown males began shooting at his car. He said he ran home and left the car on the street. Alexander said that people don't like his brother, so he is a target. Alexander was being very vague and short with his answers. He did state that he saw the males and circled the back before they began shooting at him.

CASE# **2023-00136790****NARRATIVE**

Officers responded to the area reference shots fired. Upon arrival, OH TEMP R304889 (Nissan Rogue) was found to be left running, up on the devil strip and against a tree in front of 908 Bisson. The Nissan was on the north side of the street, facing westbound. The passenger side windows were both shot out and I observed several bullet holes on the rear and passenger side. I spoke with Howard Brown ([REDACTED]) who lives at 879 Bisson. He reported hearing gunshots, then seeing two skinny black males running north on Belleflower from Bisson. One was carrying a handgun and the other was carrying a rifle of some type. One of the males had a spill pattern on the back of his black jacket. Numerous handgun and rifle casings were recovered from the west side sidewalk of Belleflower near Bisson. Additional handgun casings were located in the middle of that intersection.

Officer Farwell spoke to 899 Bisson, who uploaded a video of the shooting to evidence.com. Officer Farwell also located shell casings in the driveway of 908 Bisson, and footage was recovered from there as well. CSU was on scene and collected all of the casings. The Nissan was towed to CSU garage for further processing per Lt. Whiddon. CSU escorted the vehicle to said garage. Assisting officers also located a rifle and handgun behind 1064 Mercer, which is believed to be involved in this incident. Sgt. Pasternak and GVRT were on scene and handled that part of the call, and followed up at 933 Bellevue with possible suspects.

Officer Curtin spoke with Alexander Parson, who reported that he was driving on Diana, then Bellevue when two suspects started shooting at him from the left side of the street. He then said he got out from the car and ran down Belleflower through the backyards to get back to his house at 933 Bellevue.

I spoke with Jasmine Flinn via her doorbell camera. She was able to give me information over the phone to upload her camera footage to evidence.com. The video showed 2 black males in a gray Nissan getting shot at and then hopping out with a rifle and pistol returning fire. They flee northbound while still shooting erratically. The vehicle remains in drive and continues until it hits a tree at its final rest.

I also located shell casings in front of 908 Bisson that were recovered and tagged by CSU. The homeowner who I was not able to get his information before he left for work, allowed for CSU to pull camera footage of the suspects shooting at the gray Nissan.

All evidence was collected and tagged by CSU.

I spoke with Jasmine Flinn via her doorbell camera. She was able to give me information over the phone to upload her camera footage to evidence.com. The video showed 2 black males in a gray Nissan getting shot at and then hopping out with a rifle and pistol returning fire. They flee northbound while still shooting erratically. The vehicle remains in drive and continues until it hits a tree at its final rest.

I also located shell casings in front of 908 Bisson that were recovered and tagged by CSU. The homeowner who I was not able to get his information before he left for work, allowed for CSU to pull camera footage of the suspects shooting at the gray Nissan.

All evidence was collected and tagged by CSU.

CASE# **2023-00136790****NARRATIVE**

Officers responded to the area reference shots fired. Upon arrival OH TEMP R304889 (Nissan Rogue) was found to be left running, up on the devil strip and against a tree in front of 908 Bisson. The Nissan was on the north side of the street, facing westbound. The passenger side windows were both shot out and I observed several bullet holes on the rear and passenger side. I spoke with Howard Brown [REDACTED], who lives at 879 Bisson. He reported hearing gunshots, then seeing two skinny black males running north on Belleflower from Bisson. One was carrying a handgun and the other was carrying a rifle of some type. One of the males had a spill pattern on the back of his black jacket. Numerous handgun and rifle casings were recovered from the west side sidewalk of Belleflower near Bisson. Additional handgun casings were located in the middle of that intersection.

Officer Farwell spoke to 899 Bisson, who uploaded a video of the shooting to evidence.com. Officer Farwell also located shell casings in the driveway of 908 Bisson, and footage was recovered from there as well. CSU was on scene and collected all of the casings. The Nissan was towed to CSU garage for further processing per Lt. Whiddon. CSU escorted the vehicle to said garage. Assisting officers also located a rifle and handgun behind 1064 Mercer, which is believed to be involved in this incident. Sgt. Pasternak and GVRT were on scene and handled that part of the call, and followed up at 933 Bellevue with possible suspects.

Officer Curtin spoke with Alexander Parson, who reported that he was driving on Diana, then Bellevue when two suspects started shooting at him from the left side of the street. He then said he got out from the car and ran down Belleflower through the backyards to get back to his house at 933 Bellevue.

Shell casings were located between 904 and 908 Bisson Ave. A silver Nissan Rogue bearing Ohio registration R304889 was found on the devil strip across from 904 Bisson Ave with the front bumper against a tree. The Nissan Rogue had several bullet holes through the passenger side.

Detectives with the Akron Police Department's Gun Violence Reduction Task Force arrived on scene to assist. A female walked up to the Nissan and claimed the driver was her brother, Alexander Parson. The female stated Alexander was at 933 Bisson Ave. She said he ran home after the car was shot at. She further said she came to see the car and Alexander stayed back at the house because there was a newborn baby there.

While detectives and patrolman were handling the call on Bisson Ave another call came in at 1064 Mercer Ave. Officers spoke to a caller and discovered a handgun and a rifle behind the garage of this address. The handgun was found to be a Taurus G2C 9mm loaded with a round in the chamber. The serial number was run, and it was found to be stolen out of Akron.(Report #23-129493) The other firearm was a Romarm WASR-10 .762 mm rifle loaded with a round in the chamber.

Detectives then went to 933 Bellevue Ave and spoke with Alexander Parson. Alexander stated that he was driving, and some unknown males began shooting at his car. He said he ran home and left the car on the street. Alexander said that people don't like his brother, so he is a target. Alexander was being very vague and short with his answers. He did state that he saw the males and circled the back before they began shooting at him.

Patrol officers spoke to residents in the area and found that two males jumped out of the Nissan Rogue and ran down the street. One of the males had a rifle and the other a handgun. Officers also obtained video that showed three males standing between 904 and 908 Bisson Ave. Two of the males began shooting at the Nissan as it stopped on Bisson Ave near 893. The video then shows two males exit the Nissan Rogue. One of the males exits the driver seat and fires a handgun back in the direction of 804 Bisson Ave. The other male exited the front passenger seat and began shooting a rifle towards the same area.

Detectives reviewed the video that showed the males exiting the Rogue and went back to 933 Bellevue Ave. Detectives also learned that the address where the two firearms were found was less than 100 yards from 933 Bellevue Ave. Detectives were able to identify that Alexander was the driver of the Rogue and shot a handgun. Detectives read Alexander his Miranda Warning and he admitted to driving the Nissan Rogue. He also admitted that he fired a Taurus 9mm towards the males that shot towards him. He also admitted that his brother Jordan was the passenger and that he shot the other firearm. Alexander admitted to hiding the guns behind the neighbor's garage. Detectives read Jordan his Miranda Warning and he admitted that he was in the Nissan Rogue and fired the rifle.

The three males from the video were never located. Alexander was charged with discharging a firearm across a public roadway, tampering with evidence, and receiving stolen property. Jordan was charged with discharging a firearm across a public roadway. They were transported to Summit County Jail. Detectives processed the Nissan and returned it to the owner, Janice Parson.
