Officer-Involved Critical Incident- I-75 S@ MM-110

Investigative Activity: Document Review, Police Report, CAD & Dispatch log

Activity Date: 10/2/2023

Activity Location: Bowling Green Office

Authoring Agent: SA Chris Hamberg #69

**Narrative:**

On Wednesday, September 27, 2023, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Chris Hamberg (SA Hamberg) received documents from The Ohio State Highway Patrol (OSP), Sergeant Jim Boysel. The records which were requested included any reports pertaining to the 9/3/2023 officer-involved shooting, except for any statements made by the involved officers. SA Hamberg reviewed the documents and noted the following:

Chicago Police Department (CPD) was actively "pinging" (precise cellular location data) the cell phone for Danny Berry (Berry), a suspect wanted in a shooting incident and possible homicide in their city. CPD was conveying that information to the OSP intelligence/dispatch center at 1241 hours.

At 1307 hours, the location of the Bowling Green area on Interstate 75 (I-75) was relayed to the Troopers. The Troopers were also notified that they needed their own probable cause (PC) to stop the subject vehicle (SV). Unit 1148 (Lt. Slates) located the SV near mile marker (MM) 161 at 1336 hours.

Lt. Slates indicated he had PC to stop the SV and a pursuit ensued near the MM-159. The stop sticks were deployed near MM-147 at 1346 hours with the SV striking the stop sticks. At 1414 hours, Lt. Slates and Unit 1350 (Staff Lieutenant Crow) were dropping back from the pursuit.

At 1415 hours, contact was approved for the pit maneuver on the SV and the pit maneuver was executed on the passenger side, which was south MM-110.

At 1417 hours, Unit 1633 had northbound traffic of I-75 stopped at MM-109.

From 1422 hours, the SV became fully engulfed when the subject got out of the vehicle with a gun in his hand. The gun was moved from his left hand to right hand, while the subject walked southbound on I-75. An order was given not to let the subject get near the motorists.

At 1429 hours, the K-9 was attempted to be deployed on the subject, when the subject had the gun to his head. At 1430 hours, the order was given if the opportunity was given to take it, when the shot was fired at 1431 hours. Fire and EMS were dispatched to the area, as they had been stationed at the 110 exit. Fire and EMS arrived.
