Officer Involved Critical Incident – 1783 Penfield Rd, Columbus
(L)

Investigative Activity: Records Received, Review of Records
Date of Activity: 04/06/2022
Author: SA James Poole

Narrative:

On Thursday, February 24, 2022, the Bureau of Criminal Investigation (BCI) Special Investigations and Crime Scene Unit was requested by Columbus Police Department (CPD) to respond and investigate a potential critical incident at 1783 Penfield Road, Columbus, Ohio. Special Agent Supervisor Kevin Barbeau spoke to CPD Sgt. Terry McConnell, who explained CPD officers were engaged in a vehicle pursuit with a subject from a domestic complaint. While the involved party was fleeing, he was involved in a traffic crash where his vehicle went off the roadway and struck two (2) occupied homes. CPD officers located the driver, who was ejected and transported to Grant Medical Center. The involved party died from unknown injuries. It was reported CPD officer cruisers did not physically engage with the involved party's vehicle. Special Agent James Poole (SA Poole) was assigned as the lead investigator.

SA Poole requested all dispatch records and communications related to the Officer Involved Critical Incident. As a result of the request, the following items were received and reviewed. For specific quotes and times, a copy of the computer aided dispatch and Patrolview records are attached and saved electronically to the case file.

Computer Aided Dispatch (CAD) /Patrolview Records:

The CAD records indicated the call was initiated or received on February 24, 2022, at 0153 hours. The call nature was "Unknown Complaint" at the intersection of Scottwood Road / Barnett Road. The call Narrative stated, "Visibly Pregnant Female is screaming to call the police appears to be injured. Bleeding from the face. Sitting on the corner. Male beat her up and stole her car. Silver sedan, vehicle is around the corner. Male has a weapon. Vehicle is on Roswell."
