He was a veteran of the United States Marine Corp. and he proudly served 4 years protecting you and our country. He watched his brothers die in battle and that was something that haunted him for years. He was not a threat to any of your children at the high school; he wasn't even at the high school. His daughter was there and I'm certain he just wanted to be near her, to be close to where she was. He was suicidal, he was not homicidal. Wadsworth City School District's superintendent Andrew Hill said counselors were available at the high school on Sunday from 3 to 5 p.m. and will be available during the school day on Monday for students and staff.

"While our students and adults at the dance did an outstanding job following the directions that were given to ensure safety, situations like last night can cause anxiety and other feelings in students and adults alike," Hill said in a letter sent to families on Sunday.

The sheriff's office said deputies received information that 'led deputies to believe' the person may have been 'armed and threatening suicide by cop.'

CLEVELAND — [Medina County](#) Sheriff's deputies fatally shot a person officers believed was armed and "threatening suicide by cop" in Wadsworth Saturday night, the sheriff's office said.

According to a release, deputies from the Medina County Sheriff's Office were called to back up Wadsworth police and Wayne County Sheriff's deputies responding to a call of a potentially suicidal individual at around 9:11 p.m.

Ad removed. [Details](#)

The sheriff's office said "initial information led deputies to believe" that the person may have been "armed and threatening suicide by cop." Deputies also believed the person may have been about to go to Wadsworth High School. The school, which was in the midst of homecoming celebrations, was placed on lockdown as a "precautionary measure," deputies said.

Officers tracked the person's vehicle down and found it on Silvercreek Road in Wadsworth before attempting a traffic stop. Deputies say the individual "exited the vehicle with a suspected firearm."

Deputies shot at the person, who died at the scene. The sheriff's office said officers and EMS attempted life-saving measures.

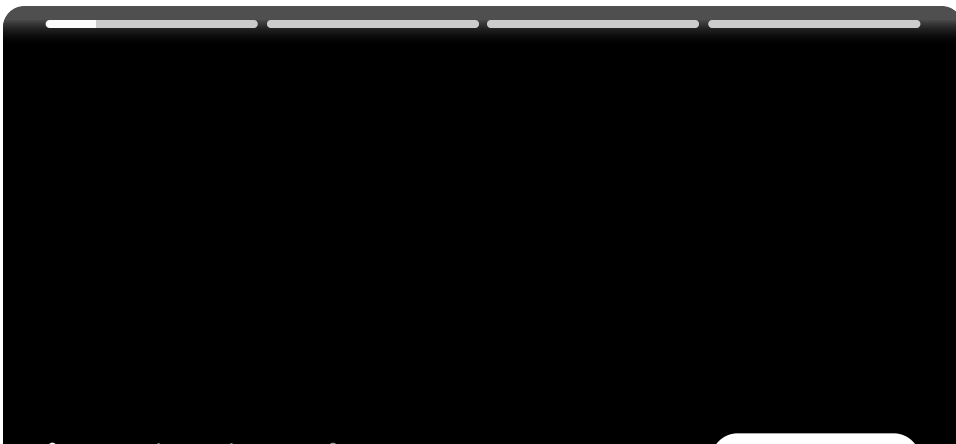

The sheriff's office did not say whether a firearm was recovered from the scene.

The Ohio Bureau of Criminal Investigation, which is handling the investigation into the shooting, confirmed Sunday that no officers were injured.

In a message shared with parents Sunday, Wadsworth City School District Superintendent Andy Hill said the district is "not able to provide any additional details relating to the situation," though Hill did clarify the person who was killed was an adult and not a Wadsworth City Schools student.

"While our students and adults at the dance did an outstanding job following the directions that were given to ensure safety, situations like last night can cause anxiety and other feelings in students and adults alike," Hill wrote. The superintendent added that school counselors will be available at Wadsworth High School from 3-5 p.m. Sunday for students. Counselors will also be available as usual during the school day on Monday.

**UPDATE: Man threatening

homecoming dance on lockdown

Published by **Tina Heiberg** on October 10, 2024

David Septer (Photo: Medina County Sheriff's Office)

On Oct. 6, 2024, the Wayne County Sheriff's Office got a call about a man making suicidal statements who was currently armed with a gun. Authorities were told the man, identified as David Septer, 44, was "ready for them."

Around 9:11 p.m., based on the information provided, the Wadsworth Police Department had the homecoming dance at Wadsworth High School placed on lockdown. Septer had a daughter at the dance and authorities had information

leading them to believe he might be headed in that direction.

A further investigation found there was never a threat directed at Wadsworth High School or any participants at the event. The lockdown was a precautionary measure and parents praised the school district and police for their efforts in keeping all of the kids safe.

At 10:08 p.m., Septer's vehicle was located on Silvercreek Road near Madison Trail in Wadsworth Township. Medina County Sheriff's deputies

pulled him over at which point dash cam video showed Septer exit his vehicle and point a loaded rifle at the deputies.

Two deputies, both three-year veterans, fired their service weapons. Septer was pronounced dead at the scene despite life saving attempts.

On social media, Septer's sister, Beth, shared a tender message to the community: "For what it's worth, the man killed was my brother. He was a veteran of the United States Marine Corp. and he proudly served 4 years protecting you and our country. He watched his brothers die in battle and that was something that haunted him for years. He was not a threat to any of your children at the high school; he wasn't even at the high school . His daughter was there and I'm certain he just wanted to be near her, to be close to where she was. He was suicidal, he was not homicidal. Our hearts are broken and deeply sorry for all the lives that were impacted by this. We feel for the officers and pray for them as they were left with an impossible choice. Social media is an unfortunate outlet when the facts are not found or heard until after the events. On the other hand, social media can be a positive light to lift up and offer

support and love to those in need. Be kind, love hard and remember, you will never truly understand the depths of someone's darkness."

The Wadsworth School District had counselors on hand at the high school on Oct. 7 for any student needing to talk to someone to help them process the situation.

The Ohio Bureau of Criminal Investigation is continuing their investigation into the incident.

On Oct. 13, Beth Septer posted this to social media and we thought it was heartbreakingly beautiful. Our thoughts are with your family during this grief-filled time. We would like to thank your brother for his service.

"This last week has felt like a nightmare that my family and I cannot wake up from. With the loss of our beloved David Michael Septer, my only brother, we have been grieving so terribly hard . And we will continue to grieve. BUT We know that through the incredible grace and power offered by our God, we will heal, we will rise. I would like to extend my sincerest gratitude to all of our friends, family, extended family, work family and complete strangers; for all of the love and support we have received. There are no words to express our THANKS to all of you❤️. We can feel the warmth of your love and the grief that you share with us, even though many we have never met, and many who have never met my brother. Yet you grieve with us and for him. We feel that 💙 This is the best example of community and family I can think of . Social media at its FINEST and what it is intended to do, CONNECT PEOPLE. Connect people for joy , for grief , for kindness, for memories , for laughter, for tears and FOR the feeling of the closeness of so many. **May I remind you all to be kind, ❤️pause before you speak or comment on social. Be mindful of your words and if indeed those words come with negativity, judgement or just harshness Think about the power you hold in those words and the potential they carry to alter the mentality of someone. Love hard, be kind and always remember you will never truly never understand the depths of someone's pain and**

darkness .. do not add to it , choose to HELP them rise from their darkness, rise with them through love and positivity!!”

Supplemental Narrative By Daniel Cooke, 08/05/20 18:07

On August 5 2020, I was dispatched to the area of Mud Lake Rd and Westfield Rd, in Westfield Township for a report of a motorcycle accident.

Upon arrival I observed a male identified as David Septer standing next to a black Harley Davidson motorcycle in the grass, off the south side of Mud Lake Rd. David had a large gash on his fore head and blood all over his tee shirt. He stated that he was traveling eastbound on Mud Lake Rd, and believes there was dirt in the road which caused him to loose control of the motorcycle.

Westfield fire and rescue arrived on scene checked David's injuries, but he declined any medical attention. David was complaining of pain in his right shoulder, and his forehead, but refused to be transported to the hospital despite recommendations by the squad.

David was unable to provide proof of insurance for the motorcycle. He stated the motorcycle belonged to his friend Jack George, and he did not know he was in possession of the motorcycle. David was given a ride to his workplace at Shriners sheet metal in Creston, Ohio.

I made contact with Jack via phone, and asked him if he gave anyone permission to ride his motorcycle. Jack told me that David does have permission to ride the motorcycle. I advised Jack about the incident, and that the motorcycle was transported by Valley View Towing and stored in their yard.

My body cam was on and will be uploaded to the main frame computer if needed.

Initial Narrative By Charles Johnson, 11/06/23 15:59

On November 6, 2023 I responded to Westfield Township for a motor vehicle accident with injuries. A report was made.

Supplemental Narrative By Charles Johnson, 11/06/23 16:01

On November 6, 2023 I responded to the intersection of Mud Lake Road and Wooster Pike Road in Westfield Township for a motor vehicle accident with injuries.

Upon my arrival I spoke with Amanda Zywica who was sitting outside her vehicle on the roadway with lacerations on the top of her head. She informed me she was traveling South on Wooster Pike Road when a white pickup rear ending a car in the North bound lane and proceeded into her lane, hitting her head on. Amanda was transported to Medina General Hospital (MGH) where she received seven staples for her head laceration. Her vehicle sustained disabling damage and was towed by Bears Towing.

I spoke with Tyler Alfred who said he was traveling North on Wooster Pike Road when his vehicle was rear ended by a white pickup truck. Tyler did not report any injuries at the scene. His vehicle sustained disabling damage to the left rear and was towed by Hook N Haul.

I spoke with Patricia Goldrick who said she was stopped on Wooster Pike Road attempting to make a left hand turn onto Mud Lake Road when a pickup truck rear ended the vehicle behind her causing it to rear end her. She reported no injuries at the scene. Her vehicle sustained minor damage to the left and right rear.

I spoke with Brittany Lendon who was a witness to the accident. She was traveling South on Wooster Pike Road when she saw a red in color Chevy stopped and attempting to make a left hand turn onto Mud Lake Road when a white pick up truck struck the vehicle behind it causing it to rear end the Chevy. She said the white pickup struck the Kia on the left rear tire causing the truck to go into oncoming traffic and strike a black vehicle that was traveling South.

I conducted a follow up at MGH to speak with David Septer who stated he was traveling North on Wooster Pike Road approaching Mud Lake Road when he struck a vehicle that caused him to go into oncoming traffic and strike another vehicle head on. He did not notice the cars were at a complete stop before striking them and had no time to stop. He sustained a fractured pelvis, minor lacerations all over his body, and a laceration on his forehead that will require stitches. He was transported from MGH to Akron General Hospital to be treated by a trauma specialist. His vehicle sustained disabling damage to the front end and was towed by Jons Towing.

David was issued a citation for assured clear distance and failure to wear his safety belt.

Citation Issued

Supplemental Narrative By Charles Johnson, 11/12/23 06:09

On November 11, 2023 I was contacted by Ty Price the owner of CKP Heating and Cooling and employer of David Septer.

He informed me he retrieved his company vehicle David was driving after the crash and while removing his company tools he discovered three plastic baggies and a straw in a cardboard box located in Davids lunch box. One of the plastic bags contained a black powdery substance. He also found prescription transdermal medication (Buprenorphine) for David in the vehicle.

I met with Ty at his business located at 196 South Main Street in Creston to retrieve the found items. I have entered the unknown powdery substance into evidence and attached a BCI sheet to this case. The powdery substance will be sent out for testing. I will be submitting a subpoena to Medina General Hospital for a toxicology report on David.

Its is unknown at this time if David was under the influence of any illegal substances during the time of the crash. I will conduct a follow up at my earliest convenience.

Investigation Pending

Supplemental Narrative By Charles Johnson, 12/19/23 09:41

On December 12, 2023 I received a toxicity report from Akron General Hospital for David Septer.

Supplemental Narrative By Charles Johnson, 02/04/24 09:09

On January 31, 2024 I received a BCI lab report for the baggies of unknown substance found in David Septers' lunch box after the motor vehicle accident.

The BCI lab report indicated the black substance inside the clear plastic baggy was found to contain .13 grams of Para-fluorofentanyl, fluorophenyl, phenethyl, piperidinyl, propanamide and Fentanyl.

I have attached the BCI report to this case. This case will be forwarded to the Prosecutor for review.

I was driving down wooster pike rd when a red Chevy car was stopped to turn left on to mud lake rd. Behind her was a grey Kia. When a white truck came up behind him ~~and~~ looked like he ran up over the back left tire and he went into the other lane. ~~and in~~ That's when he had hit the black car on the driver side, and she was pushed into a ditch from impact. I was behind her, when I walked onto seen a man was laying on the ground bleeding from his head he was face up. The lady in the black car had her door cracked open also bleeding. She was in frantic state. I stayed till help arrived.

Case No. 2024CR0124

FILED

MEDINA COUNTY
CLERK OF COURTS

Plaintiff

v.

Judge Joyce V. Kimbler

DAVID M. SEPTER

Defendant

Journal Entry

On August 8, 2024, the Defendant appeared in Court with attorney Timothy Hess. The State was represented by , Assistant Medina County Prosecuting Attorney. The Defendant appeared in Court to enter a Guilty Plea to the charge of Possession of a Fentanyl Related Compound, in violation of R.C. 2925.11(A)(C)(11)(a), a fifth degree felony. The Defendant was to enter the plea in accordance with the motion for treatment in lieu of conviction pursuant to R.C. 2951.041.

Prior to the Court accepting the Defendant's plea, the Court determined that the Defendant was eligible for Intervention in Lieu of Conviction pursuant to R.C. 2951.041.

Having made that finding, the Court then allowed the Defendant to withdraw the plea of not guilty and enter a plea of guilty. The Court determined; before the Defendant entered the plea of guilty, that the Defendant understood the rights under Crim. R. 11, and the rights under the United States and Ohio Constitutions, and was knowingly, intelligently, and voluntarily waiving those rights, and that the Defendant was not acting under any threat, coercion, or promise of any benefit in entering the plea of guilty.

The Court accepted the plea of guilty, but not did enter any finding of guilt to the above offense. The Court then proceeded, pursuant to R.C. 2951.041 (D), and ordered the Defendant to:

Continue treatment with the treatment provider and follow all recommendations made by such provider.

Be under the supervision of the Medina County Adult Probation Department for a period of five years and ordered the Defendant to follow all rules, regulations, and treatment recommendations of that Department while under supervision.

The Defendant must, while under supervision of the Medina County Adult Probation Department, abstain from the use of any illegal drugs or alcohol and to submit to regular, random testing for the usage of illegal drugs and/or alcohol.

Perform 24 hours of community service through the Medina County Adult Probation Department's Community Service Program, if physically able.

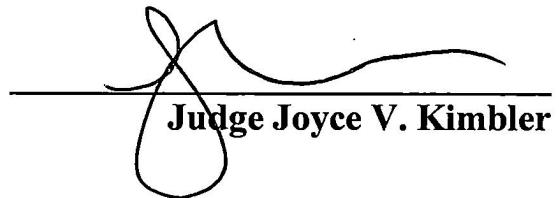

Pay all monthly fees imposed by the Medina County Adult Probation Department.

Complete 90 days on the S.A.M. Program.

Pay all court costs and community control sanction fees.

This case shall be dismissed five years from the date of this entry unless otherwise ordered.

SO ORDERED.
