I was lying in bed when I heard "booming" coming through the wall and the Female began screaming. The walls were shaking as if she were being slammed into them. She kept saying "stop" and "I'm sorry". At one point I heard her fall down the stairs. The ordeal lasted about 3 1/2 minutes. I called 911 and 30 seconds later I was out and by that time she had been hit multiple times. The beating ended around one minute prior to officers arrival.
