Officer Involved Critical Incident – Jazmir Tucker, Davon Fields (S)

Investigative Activity: Evidence Collection
Date of Activity: 12/20/2024
Activity Location: Sam's Corner Store – 522 Vernon Odom Blvd, Akron, OH 44307
Author: SA Jeffrey Smith

Narrative:

On December 20, 2024, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Allison Fletcher (Fletcher) and SA Jeff Smith (Smith) responded to Sam's Corner Store (Sam's), located at 522 Vernon Odom Blvd., Akron, Ohio, to export video from the DVR system at the request of Special Agent Supervisor (SAS) Charles Moran (Moran). SAS Moran had been to Sam's on December 19, 2024 and discovered the retention of any video from November 28, 2024 was about to expire. SAS Moran obtained verbal consent from Sam's to export video from the DVR system.

When SA Fletcher and SA Smith arrived at Sam's, SA Fletcher identified themselves as BCI Agents and the cashier directed them to the back office area where the DVR system was kept. SA Smith obtained the identifying information for the DVR system as follows:

SA Smith accessed the DVR system and noted that a passcode was not required. The DVR system time was accurate to the current date and time. SA Smith filtered the video for the date of November 28, 2024, and SA Fletcher identified relevant cameras. SA Smith then exported the video from the DVR system to a USB flash drive. The USB flash drive was directly given to SA Fletcher upon completion.
