### **Synopsis of Incident:**

The following information is based on the statements of the involved law enforcement officers, statements of witnesses, and dispatch/CAD information.

On July 17, 2022, at 0041 hours, Sgt. Malone attempted a traffic stop on a 2003 Ford F-250, bearing Ohio registration FZQ1756, for a stop sign violation. The sole vehicle occupant, Richard Jean Poulin (Poulin), fled from Sgt. Malone and other Highland County Sheriff's Office deputies and Hillsboro police officers, who later joined the pursuit. Poulin committed numerous traffic violations during the pursuit, such as a red light violation, speeding, and marked lane violations. Highland County Sheriff's Office deputies and Hillsboro police officers deployed tire deflation devices along the pursuit route, which were successful in deflating the tires on Poulin's pick-up truck. Poulin's pick-up truck eventually came to a stop at 0054 hours, in front of the Hillsboro Church of God, 5760 US-62, Liberty Township, Highland County. At approximately 0056 hours, Poulin made one last attempt to flee; however, his vehicle only moved a few feet and became apparently disabled. Sgt. Malone, along with Highland County Sheriff's Office Deputies Steven Alexander (Deputy Alexander), Dylan Quenneville (Deputy Quenneville), and Sarah McKenzie (Deputy McKenzie), subsequently approached Poulin's pick-up truck. At approximately 0057 hours, Sgt. Malone attempted to break out the driver's window, and during the process, he discharged his department-issued service pistol, firing a single shot. Poulin was fatally wounded and was pronounced deceased by medics at approximately 0112 hours.

#### Investigative Interviews:

Jesse J. Morgan (Mr. Morgan) and Macy Lean Ferro (Ms. Ferro) were interviewed as a part of this investigation. Ms. Ferro was identified as a witness after speaking to the news media. She stated that she and her fiancé, Mr. Morgan, reside at a residence near the Hillsboro Church of God. They both heard sirens and police activity, so they looked out of their bedroom window. They both heard a single gunshot, but they did not see who fired the shot. They saw law enforcement officers attempt life-saving measures on Poulin. They said they did not know Poulin or Sgt. Malone.

#### Witnessing Deputy Interviews:

On July 21, 2022, at 1710 hours, BCI SA Seitzman, SA Smith, and SA Ward interviewed Deputy Alexander, Deputy McKenzie, and Deputy Quenneville regarding their involvement in the OICI. The interviews took place at the Highland County Sheriff's Office. They were represented by Fraternal Order of Police Senior Staff Representative Barry Gray.

With respect to the critical portion of the incident, the deputies provided BCI agents with the following information:

Deputy Alexander advised BCI agents that he recalled Sgt. Malone coming around the front of Poulin's vehicle to join him. He looked down in an attempt to find his magazine, which had ejected from his gun when he tried to shatter the window. He remembered Sgt. Malone striking the window with his ASP collapsible baton. He also observed that Sgt. Malone had his firearm

in his hand. He was uncertain in which hand Sgt. Malone had the ASP collapsible baton and which hand he had the firearm. He saw that the ASP collapsible baton "cut through like butter." As Deputy Alexander was standing back up, he saw Sgt. Malone strike the window a second time and heard a "pop." He saw glass flying back at Sgt. Malone, but he did not know what happened. He did not see a muzzle flash. He said the glass was "spider webbed," so he knocked out some of the glass near the bottom right corner of the window.

Deputy Alexander opened the driver's door and observed blood on Poulin's left sleeve. Poulin was not saying anything and was leaning to his right. He noticed Poulin had been shot and said aloud, "He's shot." Sgt. Malone replied, "I don't know what happened. I didn't pull the trigger." He observed what appeared to be a bullet wound on the left side of Poulin's neck.

Deputy McKenzie said she followed behind Sgt. Malone as he went around the front of the vehicle. She saw Sgt. Malone strike the window with his ASP collapsible baton. She heard the glass break and then heard a "pop," which she recognized as a gunshot. She did not know where the gunshot came from. She saw Poulin leaning over toward the passenger seat. She then looked at Sgt. Malone, who had a "look of panic on his face." It was then she knew the gunshot came from Sgt. Malone's gun.

Deputy Quenneville said he saw Sgt. Malone strike the driver's window with an ASP collapsible baton. He then heard a gunshot and retreated back toward the tailgate of Poulin's truck. He heard Sgt. Malone say something to the effect of, "I did not pull the trigger. I don't know how the gun went off." Deputy Quenneville and Deputy Alexander removed Poulin from the vehicle. Deputy Quenneville remembered seeing a gunshot wound on the left side of Poulin's neck.

#### **Involved Officer Interview:**

On July 26, 2022, at 1210 hours, BCI SA Seitzman and SA Ward interviewed Sgt. Malone at his attorney's office, located at 4660 Duke Drive, Suite 101, Mason, Ohio (Engel & Martin, LLC). Sgt. Malone's Fraternal Order of Police attorneys, Joshua Engel (Mr. Engel) and Mary Martin, were present for the interview. Several days prior to the interview, Mr. Engel emailed SA Seitzman a copy of Sgt. Malone's written statement.

Regarding the critical portion of the incident, Sgt. Malone wrote:

"I approached the driver's side of the vehicle. The driver's side window was up and tinted. I struck the driver's side window with my baton. My first strike went through the window.

I struck the window again. The window shattered. At that moment, my firearm accidentally discharged. The suspect was struck in the neck. I requested assistance over the radio. I handed my trauma kit to Deputy McKenzie who helped administer first aid."

The following information was elicited during the interview of Sgt. Malone:

Sgt. Malone said he had carried the involved Sig Sauer P320 for at least a year and a half. He said he received at least two hours of training when the department switched to the Sig Sauer P320, which included training with the department-issued Safariland holster. He reported that he did not have any known issues or problems with his weapon. He said he had removed it

from the holster numerous times without incident.

SA Seitzman asked Sgt. Malone if he knew how his gun discharged. Sgt. Malone said he did not know. SA Ward asked if he knew whether his finger was on the trigger. Sgt. Malone said he was not certain. SA Ward asked if the gun ever came into contact with the window. Sgt. Malone said he was not certain. SA Ward asked Sgt. Malone if he intended to shoot Poulin. Sgt. Malone began to cry and said, "absolutely not." Sgt. Malone said he did not see anything, such as a threat, that would have caused him to discharge his weapon.
