**Investigative Activity:** BWC Video Review; Audio Redactions; Amped Replay  
Used

**Involves:** [REDACTED]

**Activity Date:** 02/19/2025

**Activity Location:** BCI

**Authoring Agent:** SA Matthew Collins #151

**Narrative:**

On Friday, January 24, 2025, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Matt Collins (SA Collins) received video footage from SA Goudy. SA Collins was informed that the videos contained footage from the body cameras recorded by the Liberty Township Police Department. SA Collins was directed to conduct a "*Garrity review*" of the video. SA Goudy advised there was a portion of the video where involved-officer [REDACTED] is approached by a Detective (Detective) Sergeant with the Liberty Township Police Department Internal Affairs (IA). SA Goudy said he stopped the video as soon as the dialog began and is unsure of the extent of the conversation.

SA Collins utilized Amped Replay (AR) to evaluate and work with the video files to aid in the review. SA Collins brought the following file into AR:

"[REDACTED]"

By doing so, the program identifies the metadata included within the video. See *Figure 1* for the respective Officer's BWC being referenced. All times are reflective of the times within the video clip and not the time of day. According to the metadata, the video is 15:57.122 long and has 28,686 frames. Further, it is being played at 29.97 frames-per-second (fps).

The video starts with [REDACTED] seated in the driver's seat of what appeared to be a patrol car. SA Collins first viewed and listened to the video clip in its entirety. The video begins with no audio, until approximately thirty seconds (0:30) into the clip. This is a common "look-back" feature from the time the camera was activated. This allows the viewer to see what was going on thirty seconds prior to activation (again no audio during that time).

At approximately 5:38 into the recording, just as SA Goudy indicated; a male subject, identified as "Mike" arrived in a gray GMC SUV (See *Figure 2*). Captain Ray Buhala (Captain Buhala) addressed the male as Mike. This male will be referred to as Detective Sergeant Mike

*Figure 2: F10152\_Det. Sgt "Mike" arrived on scene*

Detective Sergeant Mike did not appear to ask any questions. However, [REDACTED] began speaking. (05:38-05:48 Audio Redacted)

At 6:02 into the recording, [REDACTED] converses with Captain Buhala, in the presence of Detective Sergeant Mike. During that dialog, [REDACTED] asked or otherwise made statements to Captain Buhala. See *Figure 3*. (06:02-06:06 Audio Redacted)

*Figure 3: F10867-[REDACTED] Capt Buhala conversing\_Det. Sgt. Mike present*

During this interaction the only questions Detective Sergeant Mike asked were related to [REDACTED] BWC still recording and whether it could be docked and downloaded. Detective Sergeant Mike asked [REDACTED] about having an extra set of keys for his patrol vehicle and [REDACTED] indicated he had given them to Captain Buhala.

At 07:18 into the recording, both Detective Sergeant Mike and [REDACTED] got into the GMC SUV and Detective Sergeant Mike asked [REDACTED] if he was okay. [REDACTED] responded with a series of utterances. (07:18-07:30 Audio Redacted)

As [REDACTED] and Detective Sergeant Mike traveled to the station, there was no further discussion or comments related to what happened during the incident. The video ended when they arrived inside the police station.

SA Collins, utilizing the AR software, redacted the portions highlighted above in order for SA Goudy or any other agent to conduct a review without hearing any potential

Garrity statements. SA Collins also captured some still images of the shooting incident, where shots are being fired. The purpose for this was to aid SA Goudy or any other agent in documenting the shooting incident in a more in-depth video review. Those respective images were uploaded to Matrix outside of this report.

The video footage provided to SA Collins was a copy and the reference only item indicates the original is stored in "Evidence.com". SA Collins created the audio redacted video and sent it to SA Goudy via Kiteworks. The reports generated by Amped Replay are listed in the *Attachments* below.
