Officer Involved Critical Incident - Jazmir Tucker (S)

**Investigative Activity:** Initial Crime Scene Processing  
**Involves:** Akron Police Department  
**Activity Date:** 11/28/2024  
**Activity Location:** 1055 East Avenue, Akron, OH 44307  
**Authoring Agent:** Crime Scene Technician Michael Rostocil #204

**SUMMARY:**

On Friday, November 29, 2024, BCI Special Agent Laurna McClintock and BCI Crime Scene Technician Michael Rostocil assisted the Akron Police Department with the processing of an outdoor crime scene located at 1055 East Avenue, Akron, OH 44307 (Miller South School for the Visual & Performing Arts) regarding an officer-involved critical incident. The scene was photographed as it was found, and evidence was collected. The scene was further documented using a Leica BLK360 3D scanner.

**Narrative:**

On Thursday, November 28, 2024, at approximately 2330 hours, CST Rostocil was contacted by Special Agent Larry Hootman and was requested to assist the Akron Police Department with the processing of an outdoor crime scene located at 1055 East Avenue, Akron, OH 44307 (Miller South School for the Visual & Performing Arts) regarding an officer-involved critical incident. CST Rostocil arrived on scene at approximately 0040 hours on November 29, 2024, and met with Akron Police Department Officers on scene. A short while later, SA McClintock arrived on scene along with BCI Special Agents Jon Lieber and Andy Harasimchuk. CST Rostocil learned the following from officers and BCI Special Agents on scene: two officers with the Akron Police Department were sitting in their marked patrol vehicle in the parking lot of the Antioch Baptist Church (670 Vernon Odom Blvd.) when they heard at least 2 gunshots in the area. Both officers exited their vehicle carrying their police issued rifles and engaged with a subject on foot around the Miller South School located on East Avenue. Officer Devon Fields then fired his rifle at the subject, striking the subject, identified later as Jazmir Tucker (3/11/2009). The subject was transported to a local hospital where he was pronounced deceased. Located on scene was a pistol with an extended magazine. Two fired cartridge cases were located in the North parking lot of Miller South School. Eight (8) fired rifle cartridge cases were located on the sidewalk and grass in front of the Miller South School. The scene was cordoned off with crime scene tape and actively secured by uniformed officers with the Akron Police Department.

Officer Involved Critical Incident - Jazmir Tucker (S)

The crime scene was located around the Miller South School located at 1055 East Avenue (Figure #1). The school was situated on the East side of the roadway facing West. A driveway entrance located on the North side led down a small hill to a parking lot area. The small parking lot area dead-ended into a fenced area with a small access point to a field area where a track was located. On the East (back side) of the building was another parking lot area. The front of the building faced the roadway (East Avenue). Between the sidewalk and the building was a grass area. Eight (8) fired rifle cartridges were located on the sidewalk and just in the grass area near the front entrance. In the middle of the grass area, in front of classroom windows 109/209 were a black pistol with an extended magazine, personal belongings, money, and a cell phone. The two involved officers' patrol vehicle was parked in the parking lot of the Antioch Baptist Church on Vernon Odom Blvd., just East of the East Avenue intersection. The vehicle was marked with Akron Police Department lettering and marked as vehicle 20. The vehicle was backed into a spot under trees along the South fence line. The temperature at the time of processing was approximately 33°F with falling snow. CST Rostocil photographed the scene as it was found (Figures #2-12).
