Dispatch Records

The first dispatch record reviewed was labeled "Knox_County_911_CFS-Unit_Response_Times_1233045-1234830.pdf". The dispatch record consisted of the unit number and unit response times for the personnel dispatched to the incident. Additionally, the record identified the unit number by name and department (i.e. 4239 – Burgess, Ryan, KCSO). The record began with the basic information entered for the incident (*Figure 1, Knox County 911 CFS Unit Response Times*). The record showed that the initial units were assigned at 01:23:18 hrs, enroute at 01:23:44 hrs, and on scene at 01:43:10 hrs. The text/CAD notes listed in the record are consistent with what was heard while reviewing the radio traffic recordings. The text/CAD notes most relevant to the investigation are attributed to Unit [REDACTED] KCSO) and Units 4253 (Snodgrass, Joshua, KCSO) and 4296 (Queen, Tom, KCSO) (*Figures 2-4, Text/CAD notes*). These text/CAD notes detail the events leading up to, during, and immediately after the reported shooting. See the attached Knox County 911 CFS Unit Response Times.pdf for further.

The second dispatch record reviewed was labeled "Knox_County_911_CFS-Command_Log_1233046-1234831". This record is similar to the first dispatch record reviewed in that it listed the units, their response times, and text/CAD notes. This record was different from the first document in that all of the text/CAD notes were listed in chronological order instead of being listed by unit number/ID. See the attached Knox County 911 CFS Command Log.pdf for further.
