The video began as [REDACTED] walked up the driveway and towards the subject's home. It was dark outside, and [REDACTED] used a flashlight to illuminate an open detached garage and the front of the subject's home as he approached the front door of the residence. [REDACTED] appeared to be alone as he made his way up a small set of stairs and onto a landing at the front door.

[REDACTED] opened the unlocked screen door and knocked on the front door of the home. [REDACTED] waited a few moments without receiving a response at the door before knocking a second time. After knocking on the door a second time, a man opened the front door. [REDACTED] stated "Good morning, it's (the) Sheriff's Office. [REDACTED] with the Sheriff's Office. Hey sir, we got a 911 hang-up call from here. Anybody call 911 here?"

	the door by [REDACTED] Jerrad is the son of the subject, Lloyd Ray (Lloyd). Jerrad responded to [REDACTED] asking if anyone in the home called 911 by stating that his dad and dad's girlfriend (Lauretta) were also in the home, but he was sleeping.
--	--

[REDACTED] and Jerrad spoke on the front porch of the home briefly. [REDACTED] obtained the last four digits of the phone number that placed the 911 hang-up call from his dispatcher. Jerrad told [REDACTED] those numbers were not the last four numbers of his phone number or his father's phone number. Jerrad then pointed to his right (in the direction of the master bedroom) and stated he did not know what his dad's girlfriend's phone number was. [REDACTED] asked Jerrad what his dad's girlfriend's name was, and Jerrad Ray responded, "Uh, Lauretta." [REDACTED] stated, "Yeah, that's her." "Are you able to go get her for me and make sure everything's okay?" Jerrad stated he would and re-entered the home. [REDACTED] remained standing outside the home on the porch.

While waiting for Jerrad to return to the door, [REDACTED] broadcast on his police radio, "[REDACTED] to 53, believe you can disregard. Speaking to the individuals now."

Jerrad reappeared moments later and the beginning of what he told [REDACTED] was unintelligible but included him telling [REDACTED] he did not know what was going on in his father's bedroom. [REDACTED] asked him, "What do you mean?" Jerrad again pointed towards his father's bedroom and said "I don't know. There, I don't know." Jerrad then covered his face with his hands, unable to explain what was transpiring in the home.

Activity/Notes	Jerrad, covering his face while being asked to explain what was happening inside the home.

██████████ then advised his back-up deputy to “come on back.” Jerrad told ██████████ that he knocked on his father’s bedroom door and told his father the deputy was out front. Jerrad said his father told him, “We’re good. We’re good.” “Shut the door.” Jerrad then explained again that he had just awoken and did not know what had happened between his father and his father’s girlfriend.

██████████ explained to Jerrad that he needed to talk to the other parties in the home to make sure they were okay before he could leave. Jerrad indicated he understood and reentered the home, presumably to pass this information along to his father and father’s girlfriend. ██████████ again waited on the front porch.

While waiting on the front porch, beginning around frame 10,200, a faint sound of someone screaming from the direction of the master bedroom could be heard. ██████████ responded to this sound by opening the screen door of the home and yelling

Activity/Notes	Approximate moment another loud cracking percussive sound consistent with a gunshot was heard.

In response to the above-noted suspected gunshot, the deputy positioned to the rear left of the patrol vehicle flinched and quickly repositioned himself.

██████████ exited the open garage and began to work his way around the back of the large, detached garage. While doing so, the sound of another loud percussive snap consistent with a gunshot could be heard. ██████████ then used his radio to report that he had fired twice, the male inside had a female hostage, the subject had shot at deputies inside the residence, had shot the female, deployed smoke inside the home and was continuing to fire at deputies from the home and deputies were now outside. While continuing to provide additional information on what had transpired, two more loud percussive sounds consistent with gunshots were heard. In response to these suspected gunshots ██████████ radioed, "He's still shooting out the trailer windows at us."

After a momentary pause, another loud percussive sound consistent with a gunshot could be heard. [REDACTED] informed his dispatcher that deputies were "still taking pop shots."

A few moments later, while [REDACTED] was standing at the rear corner of the garage, another presumed gunshot could be heard. [REDACTED] reported the sound as another gunshot to his dispatcher.

Beginning around frame 73,059 (02:24:19 timestamp on BWC) [REDACTED] met with additional law enforcement officers near the rear of the subject's garage. [REDACTED] explained the actions he took moments earlier. At the request of the back-up deputies, [REDACTED] made a small sketch showing the layout of the home. [REDACTED] then explained to the other deputies the layout of the home.

[REDACTED] and another deputy next worked their way to the back of the subject's property so they could observe the home from the rear. While watching the back of the subject's home, beginning around frame 211,572 (03:41:14 timestamp on BWC), [REDACTED] again began to tell another deputy what transpired while he was inside the home.

[REDACTED] then returned to the driveway in front of the house and met with a large group of deputies and SWAT team members now staged on the driveway near the garage. The recording ended at that time.

**ADDITIONAL FACTORS FOR EVALUATING THE VIDEO RECORDINGS**

There are numerous other factors that need to be considered when reviewing and evaluating the videos and audio recordings of this incident. Those factors are:

**A.** Video recording devices record within the video and sound capabilities available, and they record objectively. Video recordings lack the history, perspective, and interest of the people involved. The positions, angles, obstacles, lighting, and distance from the incident are also factors that need serious consideration.

**B.** Video recording devices also record more information about a particular scene or incident than the person(s) involved in the incident can process during the critical incident. Video recording devices rarely record an event from the same perspective of the officer. It captures the action but not the perception, decision making, focus, or intent of the officer. Video recordings often miss tactile cues or other actions of a subject.

C. The speed of the incident is remarkable. The speed and complexity of rapidly evolving situation(s) that occur during use of force encounters are difficult concepts to comprehend by only watching the video.
