Narrative:

On Tuesday, November 18, 2025, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Joe Lamping (SA Lamping) received requested records and recordings from Trumbull County Sheriff's Office (TCSO) Major Douglas Bobovnyik (Major Bobovnyik). Additional files were received from Braceville Police Department (BPD) Chief David Fay on Friday, November 11, 2025. SA Lamping had previously requested all dispatch-related radio traffic and records pertaining to the Friday, November 14, 2025, Officer Involved Critical Incident. As a result of that request, the following items were received and reviewed:

Computer Aided Dispatch (CAD) Records

The CAD records associated with this incident were provided by the TCSO as part of their incident report. Two dispatch logs were attached to this report. The attached logs do not contain any analysis of the radio traffic, and only act as a record for the date, time, and length of the transmissions being made.

The image below was taken from the CAD report and provides the basic information about the call for service to include the report numbers for several responding agencies:

NOTE	11-14-2025 17:08:07	8423	DISP2	████ SHOTS FIRED SUSPECT DOWN

The full CAD record was attached to this report where it can be reviewed in its entirety. The above snippets only represent the most pertinent information obtained from the records. Additionally, the content of the CAD record was in line with the radio traffic that was reviewed.

On Wednesday, December 10, 2025, SA Lamping received an additional set of CAD records from Major Bobovnyik. These records were reviewed, found to be in line with the radio traffic, and in line with the previously reviewed CAD records. The additional CAD record was attached to this report.

Radio Traffic Recordings

Two segments of radio traffic recordings were provided for review. The first set encompasses the radio traffic preceding shots being fired, and the second set encompassed all traffic after the incident. The files that were received from BPD were duplicative of those received by TCSO, and as such only one review was completed. Any times referenced in the review of the radio logs are based upon the elapsed time of the recordings as there is no time stamp before each transmission. The chart below each header section contains the traffic that SA Lamping deemed to be the most relevant. Though all radio traffic was reviewed, only the pertinent information was added to his report, and as such it is recommended that the radio files be reviewed in their entirety.

Trumbull County Sheriff's Office Radio Traffic

The first portion of radio traffic was 14 minutes and 23 seconds in length and began at 16:54:15 hours on Friday, November 14, 2025.

Officer Involved Critical Incident - 1363 State Route 534
NW, Braceville Township, OH 44470, Trumbull County

Yep. 534 and Shanks in front of Doll Lumber. He's right in the driveway. He's stopping cars nonstop with a gun in his hand. Right in the middle of the road (00:16)

The caller described the male as a white male, grey hair, white beard, wearing a black shirt and tan pants. After describing the male, the caller advised the dispatcher that the male began to walk up the driveway of Doll Lumber. When the dispatcher asked the caller for additional details about the firearm, the caller stated that the male had a pistol. It should be noted that the caller sounded excited and concerned during his conversation with the dispatcher.

Second 911 Call

The second caller was not identified during the 911 call. The caller stated that she observed a male stopping cars and running out into traffic on Shanks Phalanx Road. The dispatcher asked the caller if they observed any weapons on the male and they stated that they didn't see any. The caller told the dispatcher that they planned to leave the area as they were scared.

Third 911 Call

The third caller was not identified during the 911 call. They advised that they were on State Route 543 in front of Doll Lumber when they observed a male they thought needed help. The caller stated:

I thought he needed help, so I stopped and he pulled a gun on me. (00:10)

The dispatcher asked the caller to describe the gun and they described it as an "automatic." The caller also said that they got past the male going North on State Route 534 and then stopped traffic to warn other drivers. During the 911 call the caller sounded excited and worried.

Fourth 911 Call

The fourth caller was not identified during the 911 call. The dispatcher asked for the location of the caller's emergency, and the caller was excited and said:

Uh, the intersection... What was that, the name of that road? It started with a p... Um, a guy just flagged down my vehicle and asked me to call 911 'cause he is about to shoot himself and... (00:03)

The caller attempted to provide further information. However, the information could not be made out as the dispatcher began to talk over the caller to advise them that the dispatcher center already had the information she was providing.
