**Narrative:**

On Tuesday, December 24, 2024, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Jonathan Lieber (Lieber) received requested records and recordings from Akron Police Department (APD) Lieutenant Matthew Whitmire (Whitmire). SA Lieber had previously requested all dispatch records, audio recordings (radio, 911, and phone), mobile data terminal (MDT) communications, and any other dispatch/communications-related information for November 28, 2024, relevant to the officer-involved shooting. As a result of that request, the following items were received and reviewed:

Computer Aided Dispatch (CAD) Records:

The APD CAD Report documented times and personnel assigned to the call. The report contains the dispatch, en route and arrival times of the officers who responded to the incident. The call was initiated at 23:01 on 11/28/24. The call type was entered as a "Emergency Traffic" and the source of the call was listed as "Radio initiated." The incident number was 2024-00142010. The CAD Report has been attached to this report for additional details.

Radio Traffic Recordings:

One audio file was provided containing recorded radio traffic. The recording was 14 minutes and 3 seconds in duration. A text document titled *24\_142010\_Sig33\_1077\_EAST\_AVE-CDR*, was provided with the recordings and contained identifying data for each of the recorded radio transmissions. The recorded radio traffic and data was reviewed. The table below contains the radio data and content of the radio traffic for the transmission believed to be most relevant to the actual shooting incident.
