Officer-Involved Critical Incident- 3295 Sullivant Ave, Apt. H

Investigative Activity: Video Review
Activity Date: 11/7/2022
Activity Location: BCI
Authoring Agent: SA Matt Collins, #151

Narrative:

On Wednesday, August 31, 2022, Ohio Bureau of Criminal Investigation (BCI) Special Agent (SA) Todd Fortner (SA Fortner) received video footage from the City of Columbus-Division of Police. SA Fortner was informed that the videos contained footage from the body worn cameras recorded by the CPD.

SA Matt Collins (SA Collins) had previously been asked to review the Body Worn Camera (BWC) video. SA Collins did so and created a report "*2022-09-02 Video Review_Knox and Anderson BWC*." SA Fortner further requested SA Collins to attempt to identify a timeline or timeframe from when the bedroom door opened to when the shot was fired. As well as the time from which the shot was fired to when Anderson holstered his weapon. SA Collins, again utilizing iNPUT ACE (now called Axon Investigate), viewed the *synced* video of Knox and Anderson, which was originally created using iNPUT ACE (Titled- "*Anderson_Knox_synced*"). SA Collins utilized this video because it had previously been synced and allowed for him to view the two different angles simultaneously. The times and noted frames are indicative of that recording. SA Collins noted the following:

- 05:50.950- Anderson puts his hand on the bedroom door knob (*Figure 1*)
- 05:51.217- Anderson begins to open or push the bedroom door open (*Figure 2*)
- 05:52.552- Knox's flashlight is activated (*Figure 3*)
- 05:53.086- Moment believed to be the time Anderson fired his weapon (*Figure 4*)
- 05:55.321- Anderson is seen putting his gun all the way back into its holster (*Figure 5*)

Utilizing the times above, the following calculations were done:

- Time from Bedroom door opening to shot being fired- 1.869 seconds
- Time from shot fired to gun finally holstered- 2.235 seconds
- Time from bedroom door opening to gun finally being holstered- 4.104 seconds

SA Collins created Marked Images or still images of the noted times above, see below.
