Investigative Activity: Processing of Autopsy Evidence (*Scene 4*) and Lab Submission
Activity Date: August 28, 2023
Activity Location: Franklin County Forensic Science Center, Columbus, OH
BCI Office, London, OH
Authoring Agent: Special Agent Mathew Austin

On August 28, 2023, Special Agent (SA) Mathew Austin met with Crime Scene Technician (CST) Amy Gill at BCI at approximately 1100 hours. CST Gill provided SA Austin with a paper bag containing multiple items of evidence from the autopsy of Ta'kiya Young and a printed copy of an inventory.

SA Austin documented these items through photography and the packaged items as follows:

- Item 1: Bullet from T-10 spine w/ fragment from L breast surface
- Item 2: Ink cards, FTA card, photographs on CD, and multiple pieces of jewelry

SA Austin then retrieved the previously secured items from scenes 1-3 and packaged the items from the drying cabinet. The following items were then submitted to the laboratory:

- Item 1 (scene 1): Hornady 9mm Luger +P casing
- Item 1 (scene 3): Glock 17 9mm handgun (s/n [REDACTED]) from Officer Grubb
- Item 1 (scene 4): Bullet recovered from the autopsy of Young

All other items were submitted to the #2 London evidence locker for storage.
