amounts due for "general expenses and compensation," as an exception to the general rule prescribed in Section 2460, General Code. Specific mention is made therein of compensation of judges and clerks, which also includes the special compensation for delivering ballots in Section 5043 and the mileage incident thereto. The expenses mentioned in paragraphs 1 and 2 of your letter are included in the clause "general expenses of such election" in said Section 4945.

Assuming that your questions apply to November elections in even-numbered years and that the county is one containing a registration city, my answers to your questions are, therefore, as follows:

- 1. The provisions of law applicable do not require the allowance by the county commissioners of bills incurred in renting rooms in which to hold elections and furnish light and fuel for same.
- 2. The provisions of law applicable do not require the allowance by county commissioners of bills for the purchase of supplies, such as poll books, tally sheets and other supplies for election purposes.
- 3. The provisions of law applicable do not require the allowance by county commissioners of the compensation and mileage of judges and clerks of elections.

Respectfully,

EDWARD C. TURNER,
Autorney General

I am also enclosing herewith a form of relinquishment as prepared by Mr. Booton. He has already had this matter up for consideration with Mr. Laylin and Mr. Laylin and Mr. Booton met at the office of Mr. Edward D. Schorr, Attorney for the Rapid Transit Commission, and went over the form

of deed, in order to get the views of those who are representing the City of Cincinnati. Mr. Laylin and Mr. Schorr practically agreed upon the form, subject to your approval.

After you have prepared a form that you deem requisite for the purpose, the Director of Highways and Superintendent of Public Works, on receipt of same, will transmit a copy thereof to the proper city authorities for further consideration.

We are anxious to carry this transaction to a conclusion at the earliest possible date and will therefore greatly appreciate your efforts in expediting this matter."

I have gone over the form of deed as submitted by the city manager of the City of Cincinnati and also the alternative form prepared by Mr. Booton and submitted along with your communication. In so approving the form of Deed of Relinquishment, I am, of course, not passing upon the description of the individual tracts, since I have not before me any data upon which any conclusion can be reached. I am assuming that the tracts as described in the ordinance, a copy of which is transmitted by Mr. Sherrill, the city manager, are those which are described in the resolution of the board of Rapid Transit Commissioners of Cincinnati, and by that board appraised under the provisions of Section 2 of Amended Senate Bill No. 123 (112 O. L. p. 210). That section further provides that a copy of the resolution, accompanied by the plats showing the individual tracts, and the appraisals thereof, shall be certified to the council of the City of Cincinnati and the Superintendent of Public Works. I further assume that these tracts have been properly appraised by your Department and the result certified to the board of Rapid Transit Commissioners, which board has concurred in the valuation so reached.

You are accordingly advised that the form of Deed of Relinquishment hereinbefore set forth meets with my approval, subject, however, to the reservation just stated with respect to the description of the property to be incorporated therein.

Respectfully,
EDWARD C. TURNER,
Attorney General.
