2026-0255

Officer Involved Critical Incident - 24496 Clareshire Dr.
Apt. F, North Olmsted, OH 44070, Cuyahoga County

Investigative Activity: Review of CAD Report - LCSO
Involves: Lorain County Sheriff's Office (O)
Activity Date: 02/02/2026
Activity Location: BCI - Richfield
Authoring Agent: SA John Tingley #154

Narrative:

On February 2, 2026, Ohio Bureau of Criminal Investigation (BCI) Special Agent John Tingley (SA Tingley) reviewed the Lorain County Sheriff's Office (LCSO) Computer Aided Dispatch (CAD) report related to the January 21, 2026, officer involved critical incident (OICI) which occurred at 24496 Clareshire Drive, North Olmsted, Cuyahoga County, Ohio.

The listed CAD entries do not list all of the CAD entries in the report that covered the time during or after the incident or the pursuit that occurred prior to the OICI. Rather, the information listed documents the CAD entries that were deemed by the author to be the most relevant and useful in obtaining an understanding of the LCSO CAR Report related to the OICI.

It should also be noted that the large breaks in the times of the documented CAD entries are when the pursuit was occurring and the units involved were calling out the speed, direction of the pursuit, traffic volume, and roadway conditions (wet, dry, etc.).

The LCSO CAD report begins with the first entry at 15:18:05 on January 21, 2026. The following excerpts are taken directly from the LPD CAD Report and are placed in order from the earliest to latest to assist with the understanding of the events that occurred. The listed excerpts are shown as a word for word copy of the entry and appear as they are documented in the CAD Report.

This document is the property of the Ohio Bureau of Criminal Investigation and is confidential in nature. Neither the document nor its contents are to be disseminated outside your agency except as provided by law - a statute, an administrative rule, or any rule of procedure.
