Officer Involved Critical Incident - 3487 Belmont Avenue,  
Youngstown, Ohio, 44505

**Investigative Activity:** Subject Vehicle Processing

**Involves:** Liberty Township Police Department

**Activity Date:** 12/20/2024

**Activity Location:** 1315 Churchill-Hubbard Rd, Youngstown, Ohio 44505

**Authoring Agent:** S/A Chad Doran #177

**Narrative:**

On 12/20/2024 at 1000 hrs., BCI CSU Special Agents Larry Hootman and Chad Doran responded to the Liberty Township Police Department (LTPD), 1315 Churchill-Hubbard Rd, Youngstown, Ohio 44505, for evidence processing on the subject vehicle from the officer-involved critical incident on 12/16/2024 at Harbor Freight Tools, 3487 Belmont Avenue, Youngstown, Ohio 44505. BCI SIU Special Agent Joseph Goudy obtained written consent to search the vehicle from the registered owner, Sally Cowan.

Agents contacted LTPD Detective Jeff Palmer and were escorted to the secure garage where the vehicle had been stored. The subject vehicle, a white 2001 Jeep Grand Cherokee, VIN 1C4RKAG1M8160830, bearing Ohio registration KMQ4492, was photographed as it was found.

Officer Involved Critical Incident - 3487 Belmont Avenue,  
Youngstown, Ohio, 44505

Several ballistic impacts were observed in the passenger cabin of the vehicle, to include the driver's side "B" pillar, driver's door, steering wheel, driver's side headliner / sun visor, and dashboard. S/A Doran obtained photographs of the ballistic impacts with and without scale. S/A Doran then deployed the Leica BLK360 scanner and documented the passenger cabin with the scale placards in place.

Once the vehicle had been documented, agents conducted a search of the passenger cabin. On the floor of the driver's area, agents located two fired projectiles (evidence items 10 and 11), a fixed blade knife inside a nylon sheath (item 12), and a Motorola touchscreen cell phone (item 13). The projectiles and cell phone were sealed into paper envelopes, and the knife was sealed in a cardboard box.

*Fig. 2: Fired projectiles (items 10 and 11, circled) on the floor of the driver's area.*

Detective Palmer advised agents that, after the initial crime scene was processed on 12/16/2024, one of their township maintenance workers went to Harbor Freight Tools the following day. He located a fired cartridge casing in the parking lot and brought it to LTPD where it was turned over to LTPD Captain Ray Buhala. The cartridge casing was secured into LTPD evidence until BCI agents arrived for the vehicle processing. The fired cartridge casing, which was already sealed in a paper envelope with an LTPD evidence label, was turned over to S/A Doran and collected as item 18.

All evidence collected was transported by S/A Doran to BCI Richfield, where it was secured into a temporary evidence storage locker.

The CSU photographs and evidence receipt were uploaded to Matrix. The scan data was later prepared for viewing using the Leica Cyclone Register360 software and was transferred to the "BCI Scanner" folder on the shared directory.
