**Social Media:**

Two social media accounts were located for Alexander, and they have been listed below:

- TikTok - alex828cra
- Facebook - "Charlie Alexander"  
<https://www.facebook.com/profile.php?id=1114291338>

Alexander's TikTok and Facebook appeared to have photos and videos of him and his daughter, Oaklynn Alexander (*Charles Alexander TikTok* and *Charlie Alexander FB*).

It appeared as though Alexander used his Facebook account in the hours and moments prior to the shooting incident. He posted statements to his Facebook page and also posted a video of himself and his daughter Oaklynn. The video was taken when Alexander was in the U-Haul truck threatening to kill himself and Oaklynn. During the video, Alexander made vague statements about killing Oaklynn and hoping Oaklynn's mother would have to live with regret because of it (*Charlie Alexander FB Post 1 - snip*, *Charlie Alexander FB post 2 - snip*, and *Charlie Alexander FB video snip*).

Additional posts to Facebook were reviewed that "friends" of Alexander posted. The posts made referenced Alexander and his actions. Some people defended his behavior, while others were critical.

A friend of mine died last night. His name is Charlie Alexander and he was 43 years old. His death was originally stated to be suicide but as more information is obtained it now appears he was shot by police after a standoff and a shootout, after he abducted his daughter and ran from pursuing officers. [Crystal Miller](#) a bitter mother? Are you serious?! Her mother was trying to protect her from this very thing.. She knew what he was capable of.. did you not see the video he posted? Or know of the phonecalls he made repeatedly to her, all in attempt to torture her? So she could hear her daughters voice one last time.. He used her as a shield, had a gun to her head, and told her she was going to meet Jesus today!! The cops saved her from what he was about to do.

He obviously needed psychiatric help and that's where he was failed. And I feel deeply saddened for that fact. However I have to note- the comments blaming the mother are absolutely revolting. She had every right to protect her daughter with his mental health state. The speculation about what did and didn't happen is ridiculous too, let this family grieve!!!

That's sad ! A female should never call the cops on a father ! That is his kid as much as theirs ! That mother of the child needs real help and maybe one day she will get help. She just killed the father of her child.

Julian Ruiz I mean good she called the cops he was obviously dangerous or had unpredictable behaviors which seems to be the case here.. sad nobody should have died but this is type of reason I put a protection order against my daughters dad he didn't get the time he wanted with her because he's unstable then attacked me while holding a newborn baby not every situation is a bitter baby mother I feel bad for both sides of their family truly

Katelynn Genzen regardless of the situation that girl had no right calling the police stating he was armed and dangerous he was killed with no weapons and also females these days be just bullshitting about that shit because I see to many dudes trying to be their for their kid and females don't allow it bc they broke or bums. At the end of the day that's their kid same as yours. Regardless your argument. Kids being raised with no parents because females see to much in a guy when they not all that. So sorry but I'm on that dudes side r.i.p to him and maybe one day that girl will get help !

As a single father who has spent over \$20,000 in 2 Separate false claim court case cases, all I can say is your statement on the original post is correct. My last court case I won what's called a frivolous case so she has to actually pay back my attorney fees this time because I was able to prove the fraudulence. ❤️ I'm not going to lie there's been times where I've thought about just taking off and giving up but thank God I let the courts handle it.

It's honestly so sad. Some people just don't understand the love we have for children of our own and wanna use them as weapons. He should've went about it different but I definitely see why he did what he did.

Some moments I don't have any words at all and some moments I have way too many.

For now I'll say this ::

Oaklyn is safe and physically unharmed and that's all anyone in my family was hoping for.

If you "knew" Charlie way back whenever, or even a year ago, I can GUARANTEE you didn't know the real him now. He lived one life on social media that made a lot of people jealous and portrayed him in an amazing light... I won't go into all of it right now but please know nothing in the world could have been further from the truth than the life he lead on social media.

And as his sister, those of you that are saying this is on Ashley of believing that she "made him" do this ... ARE YOU KIDDING ME && SHAME ON YOU!!

There are SO many truths you don't know and as I am a private person I don't feel the need to share with you, but those of you saying the court system "left him no choice" ... shame on you & you have NO ideal!

On one hand I appreciate that you're trying to give him the benefit of the doubt but I GUARANTEE had you lived in mine or Ashley's shoes in the last few months you would sing a different tune. Yes, right now I am in the anger phase with him. Maybe that will pass, who knows.

What I do know is that my niece needs all the help in the world right now. What she went through tonight...even horror movies aren't made of.

Let us all stop blaming the victims in this situation.

I am saddened by the events of tonight and in disbelief even though this was EXACTLY what Ashley was trying to protect her child from... my heart hurts in forms I can't even begin to describe. I will ALWAYS miss the brother I grew up with who was so protective and loving. He became a different person & I can't even begin to describe the emotions of this evening for us or for Ashley & her side of the family; but I can guarantee you don't know the facts and you should probably hush and stop spreading social media rumors.

Do what you need to do to grieve my brother. I, too, am grieving. Reach out to me if it'll make you feel better (please leave my mother alone at this time!!) but for the love of icecream and all that is good and holy ... TRY super hard to NOT be a turd.

He's now in a uhaul.

If you "know" him & you're trying to make excuses for his behavior or say Ashley is over-reacting; please understand the life you see him lead on social media is NOT who he currently is. He IS currently dangerous.

I am his SISTER & I WISH Ashley was just being dramatic. You have NO IDEA. I appreciate trying to stick up for him ... but there's NO excuse & I assure you you do not know who he is anymore.

I'm so sad today. Sad for my friend **Charlie Alexander** and his little girl and all family involved. I hadn't talked to him in a while, and didn't know all the struggles he was dealing with. It makes me so sad that he felt there was no other way. The **Charlie** I knew would do anything for anybody. He helped me move one time ALL day in 20 degree weather. Would not accept any money but I finally talked him into accepting it to buy his daughter (a toddler at the time) something. He loved that little girl and it's so sad what transpired. I sure hope she can recover from this and lead a normal life in the future surrounded with love. Hugs and prayers to everyone involved. ❤️

Anyone who truly knew you, knows you're not what they're painting you to be and the fact that it ended the way it did is truly heartbreaking.. I can honestly say I've never met another guy like you when it comes to the way you loved Oaklynn. She was ALWAYS first in your books. All you wanted was to be a dad and to do that peacefully. I'm sorry I wasn't there when you needed it most, and that's a pain I'll have to deal with on my own. I just pray that you're at peace. That's all you really wanted. Behind that big smile and outgoing personality, you were fighting demons that you felt you couldn't beat.. and it's devastating to see that they won. I hope and pray that Oaklynn will remember you for what you were to her because she was EVERYTHING to you! ❤️ RIP **Charlie Alexander** ❤️

A friend of mine died last night. His name is [Charlie Alexander](#) and he was 43 years old. His death was originally stated to be suicide but as more information is obtained it now appears he was shot by police after a standoff and a shootout, after he abducted his daughter and ran from pursuing officers. Charlie has been going through a difficult high conflict divorce with a custody battle over their 7 year old daughter, and as per his final Facebook posts and a chilling and disturbing video he uploaded right before his death he talks about how she is being kept from him, and he refers to having already lost his other two children, who perished in a house fire some years ago. Unfortunately his daughter witnessed the shooting, and as per subsequent comments it apparently happened on her birthday, which is my birthday as well.

This hits very close to home as I too went through a high conflict divorce and was estranged from my 2 daughters for quite some time due to no fault of my own. Estrangement from your children by a soon to be ex spouse can be the most stressful event in a person's life. Charlie's daughter will carry scars from witnessing this horrible incident which will affect her and even her own children to some degree for many years to come.

Charlie I'm sorry you didn't get the chance to be the dad you so wanted to be, and that you probably didn't see my message and offer of assistance, along with those from so many of your friends, it's just a terrible tragedy that it had to go down this way.
